EBOOK: College Algebra with Trigonometry Raymond Barnett, Michael Ziegler, Karl Byleen, David Sobecki, 2010-03-16
Barnett Ziegler Byleen and Sobecki's College Algebra with Trigonometry text is designed to be user friendly and to maximize student comprehension by emphasizing computational skills ideas and problem solving as opposed to mathematical theory. The large number of pedagogical devices employed in this text will guide a student through the course. Integrated throughout the text students and instructors will find Explore Discuss boxes which encourage students to think critically about mathematical concepts. In each section the worked examples are followed by matched problems that reinforce the concept being taught. In addition the text contains an abundance of exercises and applications that will convince students that math is useful. A MathZone site featuring algorithmic exercises videos and other resources accompanies the text.

Intermediate Algebra Alice Kaseberg, 2004 Think of it as portable office hours. The Interactive Video Skillbuilder CD ROM contains more than eight hours of video instruction. The problems worked during each video lesson are shown next to the viewing screen so that student can try working them before watching the solution. To help students evaluate their progress each section contains a 10 question Web quiz the results of which can be emailed to the instructor and each chapter contains a chapter test with answers to each problem on each test. Also includes MathCue Tutorial software. This dual platform software presents and scores problems and tutor students by displaying annotated step by step solutions. Problem sets may be customized as desired.
