*Return of the Golden Age* Edward F. Malkowski,2013-12-17 The truth behind ancient myths and the return of the celestial conditions for a Golden Age of peace and abundance Reveals the events preserved in myth that launched humanity into 12 000 years of struggle selfishness and false beliefs Explores how we can initiate a new Golden Age through ancient Egyptian teachings on the creative power of our imaginations Explains how our world system of economics which benefits a few at the expense of the many arose as a reaction to global catastrophe in prehistory Since the beginning of recorded history humanity has been in a continuous struggle over land and resources It continues today despite the abundance we have created through scientific innovation and technology Why such a struggle for resources exists has never been explained Neither has the human drive to own accumulate and hoard Edward Malkowski reveals that the answer lies in recognizing the reality behind humanity s earliest myths He shows that the opportunity is at hand to transcend these inherited selfish traits and return to a Golden Age of peace and abundance Malkowski explores the hidden meaning behind stories such as the Epic of Gilgamesh Plato s Atlantis and myths of a new sky and a new sun of great floods and the death of the gods and of the preceding Golden Age He connects these myths to a real extinction event that occurred 12 000 years ago He explains how the survivors our ancestors were catapulted from utopia into a world of scarcity scarring the collective mind of humanity and initiating the struggle for resources in an attempt to regain our lost paradise He shows how our world system of economics focused on ownership and based on the false belief of separateness benefitting a few at the expense of the many arose as a reaction to this catastrophe Drawing on the pre catastrophe teachings preserved by the ancient Egyptians Malkowski reveals that we are returning to a celestial configuration parallel to that of the past Golden Age Through our collective DNA memory and the creative power of our imaginations we can end our 12 000 year quest to regain paradise lost and launch a new Golden Age of unity abundance and equality for all humanity

**The House of Atreus** James F. Bohan,1999-02-28 Using clear language and unconventional examples this book argues that abortion is not merely a medical or religious issue but one that goes to the very heart of our conception of human rights It explains that the unborn are living and human beings that all human beings have a right to life and that denying the right to life of some weakens the right to life of all Bohan supports his thesis by pointing to human rights treaties the Declaration of Independence and the words of such luminaries as Albert Schweitzer Frederick Douglass Pearl S Buck Elie Wiesel and Martin Luther King Jr He also examines the connection between abortion and the recent push to legalize assisted suicide and euthanasia Bohan explains why the Greek myth of the House of Atreus is an apt metaphor for our abortion minded society that shows the distinction between abortion and infanticide is arbitrary While the Supreme Court holds that the 14th Amendment does not protect the lives of fetuses at the time the Amendment was drafted American scholars were comparing the mental capacity of Black people to that of a white fetus Bohan also explores the the common aspects involved in the destruction of the unborn and the destruction of Jews by the Nazis the roles of dehumanization euphemism the medical community science idealism and humane killing among others Nebo, a Literary Journal ,2008
