13
SECTION 2

READING COMPREHENSION
Presidential Succession and the Vice Presidency 3

1. Briefly explain how each of the following provides for presidential succession:
 - a. the original provisions of the Constitution Did not provide for the succession of a vice president; rather declared that the powers and duties of the office of the president were to "devolve on the vice president"
 - b. the 25th Amendment declared that the vice president become president in case of removal of the president from office or of his death or resignation
 - c. the Presidential Succession Act of 1947 Fixes the order following the vice president; Says the speaker of the house and then the president pro tem of the senate are next

2. How does the 25th Amendment provide for situations in which the President is disabled?
It says the Vice President is to become Acting President if (1) the President informs Congress, in writing, that he is unable to discharge the powers and duties of his office, or (2) the Vice President and a majority of the members of the Cabinet inform Congress, in writing, that the President is so incapacitated.

3. List the two formal duties that the Constitution assigns to the Vice President:
 - a. To preside over the Senate
 - b. To help decide the question of presidential disability

4. Why can the position of the Vice President be considered both very important and very unimportant?
The Vice President is very important because he or she is only a heartbeat away from the presidency. However, the Constitution pays little attention to the office of the Vice President, and many Vice Presidents have had little to do.

5. What does it mean to "balance the ticket"?
To "balance the ticket" means to choose a running mate (candidate for Vice President) who can strengthen the presidential candidate's chances of being elected by virtue of certain ideological, geographic, racial, ethnic, gender, or other characteristics.

6. How has the vice presidency changed in recent years?
Recent Presidents have made much greater use of their Vice Presidents, so the office has been reinvented and has become more influential.

7. What is the procedure for filling a vacancy in the vice presidency?
President nominates a vice president and they must be confirmed by a majority votes of both houses of congresses.

Civics Ch 13 Study Guide:

Democracy's Discontent and Civic Learning Charles S. White, 2018-07-10 This volume explores the global decline in democracy and rising nationalism. It examines partisanship, populism, social media's role, and racism. The book emphasizes rebuilding civic infrastructure through effective civic education to restore trust and prepare citizens for democratic engagement. *The Sociological Review*, 1928

Teaching Civic Engagement Forrest Clingerman, Reid B. Locklin, 2017-08 Teaching Civic Engagement offers a new conceptual model, an examination of theoretical questions and concerns, and a variety of concrete teaching strategies to assist faculty in engaging questions of civic belonging and social activism in religion classrooms. The book explores the civic relevance of the academic study of religion.

Northern Lights on Civic and Citizenship Education Heidi Biseth, Bryony Hoskins, Lihong Huang, 2021-02-26 This open access book presents an in-depth analysis of data from ICCS. An international group of scholars critically address the state of civic and citizenship education in the four Nordic countries that participated in the IEA International Civic and Citizenship Education Study (ICCS) in 2009 and 2016. The findings are of particular relevance to educators at all levels, from school education through to teacher education. Nordic countries have long traditions of democracy, and their students have performed relatively well in the ICCS assessments. Nonetheless, citizenship education continues to evolve and has received increasing attention in recent educational reforms, indicating policymakers' understanding that schools play an important role in establishing democratic values among future citizens. Data from ICCS can be used to analyze, discuss, and reflect on the status of civic and citizenship education and can contribute to the discourse on the potential role of education in contributing to sustainable democracies for a common future. However, teaching citizenship and learning democracy are two different things. While young people can be taught about democracy in school, it is vital that schools work together with the wider community in which youth operate to strengthen civic understanding and values for all young people, regardless of their social and economic background.
