Elementary Reading Curriculum Journeys :

Collecting for the Curriculum Amy J. Catalano, 2015-09-28 If you are a librarian charged with collecting curriculum materials and children's literature to support the Common Core State Standards then this book is the only one that offers explicit advice on collection development in curriculum collections for you. While there are many publications on the Common Core for school librarians and K-12 educators, no such literature exists for curriculum librarians at the post-secondary level. This book fills that gap, standing alone as a guide to collection development for curriculum librarians independent of the Common Core State Standards (CCSS). The book provides instruction and guidance to curriculum librarians who acquire and manage collections so you can develop a collection based on best practices. The book begins with a primer on the CCSS and how curriculum librarians can support them. Discussion of the Standards is then woven through chapters arranged by content area that share research-based practices in curriculum development and instruction to guide you in curriculum selection. Material types covered include games, textbooks, children's literature, primary sources, counseling, and nonfiction. Additional chapters cover the management of curriculum collections, testing collections, and instruction and reference, as well as how to support and collect for special needs learners. Current practices in collection development for curriculum materials librarians are also reviewed. The book closes with a discussion of the future of curriculum materials.

Journey of a Country Soul Pitt G. Thome, 2016-03-03 Monsignor Felix Newton Pitt (1894-1971) was a towering figure in the history of Catholic education in the US, and this definitive biography gives a shining example of an individual who dedicated his life in service of his faith and left behind an enduring legacy. The book traces Pitt's journey from his humble beginning as a young missionary in the 1920s in rural Kentucky to his career as an innovative educator in Louisville, where he established the Catholic elementary school system that became a nationwide model for parochial education that properly educated and catechized the youth, including students with special needs. Along the way, Father Pitt exerted an influence beyond his devoted flock as an engaging civic leader in the greater community in an era of bigotry when the Catholic Church was often under attack. As a panelist on the popular TV program *The Moral Side of the News*, Father Pitt was a pioneer of ecumenical broadcasting and a guiding force of church growth and stability during years of cultural upheaval. This biography bears the fruit of exhaustive research, a true labor of love. Lavishly illustrated with photos of the people and places it documents, the book does double duty as church and family history, joined and celebrated in one priest's life story. It features extensive, eloquent excerpts from Father Pitt's diaries and letters and published articles that reveal the progress of one man's spiritual pilgrimage as he overcomes doubts from within and obstacles from without. It is an inspiring journey of faith and perseverance where a gifted young man follows his true calling by taking strength from God and his devoted mother. It will appeal not only to present-day Catholic educators and those who may be discerning a religious vocation, but to any reader who believes in a higher guiding light in one's life and who holds dear the importance of family in our society. **Resources**
