Douglas Cunningham, 2020-01-10. The field's most trusted and comprehensive guide to treating common and rare problems in newborns. Gomella's Neonatology makes it easy to quickly retrieve information and includes sections on procedures and drug administration. The volume of information in this field has exploded over the last several decades and physicians especially trainees need a quick dependable reference to inform their clinical decisions. Compared to other softcover neonatal handbooks this is my favorite and it has become the most widely used book in the NICUs that I have visited. It is no longer a small pocket sized book but its unique attribute of being both comprehensive and concise makes it the preferred reference in this area. The section of On Call problems is invaluable to residents and they are now frequently searching for the latest edition in our unit. Jay Goldsmith MD Doody's Review Services 5 Star Review. "Code of Massachusetts regulations, 2016", 2016. Archival snapshot of entire looseleaf Code of Massachusetts Regulations held by the Social Law Library of Massachusetts as of January 2020. *Temple Law Review*, 2006. **Abortion to Abolition** Martha Paynter, 2022-05-25T00:00:00Z. The history of abortion decriminalization and critical advocacy efforts to improve access in Canada deserve to be better known. understood so too are the persistent threats to reproductive justice in this country sexual violence gun violence homophobia and transphobia criminalization of sex work reproductive oppression of Indigenous women and girls privatization of fertility health services and the racism and colonialism of policing and the prison system This beautifully illustrated book tells the empowering true stories behind the struggles for reproductive justice in Canada celebrating past wins and revealing how prison abolitionism is key to the path forward
