**Management Principles** P. J. Smit, 2007 Book CD To improve on an award winning book poses a major challenge to its authors The authors of this book took the challenge head on by conducting a major research study to determine what exactly the outcomes are that managers at different levels must deliver in contemporary organisations in South Africa and the rest of Africa The findings of this study which dealt with current and near future management issues as well as classical and contemporary thinking about management were used as the blueprint for the updating of this book After placing management in context the authors deal with the knowledge skills and dispositions required of managers to perform the management functions of planning organising leading and controlling in a volatile business world Examples of how the functions are applied in practice are cited throughout the book These examples refer mainly to South African organisations and situations that managers in South Africa and Africa have to deal with to create and sustain a competitive advantage for their organisations The book endeavours to break down the silo effect of seeing the management functions as separate activities This is done by continuously placing the management function at hand in a bigger context This enables learners of management to assess the implications of management decisions on different people processes systems and so on that make up the organisation

*Management Principles* P. J. Smit, G. J. Cronje, T. Brevis, M. J. Vrba, 2011-03 The challenges presented by the fast changing business environment require that organisations find new and innovative ways to respond in order to improve performance The contemporary manager has to integrate new information technology manage diversity accommodate stakeholders often conflicting claims deal with the threat that HIV AIDS poses to the workforce and comply with charters such as the Mining Charter The list of challenges has become almost endless As well as exposing the reader to the traditional management functions namely planning organising leading and controlling this edition also deals with the most recent challenges that managers have to face As a response to the increasing complexity of the business environment this book deals with ethical issues in management corporate governance strategy maps the resource based view of an organisation as well as mentorship and coaching Key lectures include Relevant examples taken from South African and African organisations Numerous illustrations with informative graphics diagrams and charts A logical structure to aid accessibility Case studies discussion questions MCQs at the end of each chapter Multimedia support materials for prescribing institutions This book is widely prescribed by institutions and will be the preferred book of many major businesses for use in their management and leadership training programmes
