Authenticity across Languages and Cultures Leo Will, Wolfgang Stadler, Irma Eloff, 2022-11-10 This volume centres around concepts of personal and cultural authenticity as they play out in various contexts of foreign language teaching and learning worldwide The chapters cover a wide range of contexts and disciplines

including both theoretical and empirical work together they comprise both a rigorous analysis of authenticity in language teaching and a step away from notions of native speakerism and cultural essentialism with which it is often associated. Written by a group of scholars working across several continents the chapters offer diverse perspectives regarding the role language plays in processes of personal growth learning development self actualisation and power dynamics. The book addresses the theoretical and philosophical nature of authenticity while remaining grounded in the teaching and learning of languages with authenticity viewed as a practical concern that guides our actions and beliefs. The book will be of interest to scholars researchers and students of authenticity as well as foreign language teachers interested in the theoretical underpinnings of their practice.

Key Concepts in Syllabus Design and Materials Development Zia Tajeddin, Saman Ebadi, 2025-06-04. This very practical and accessible book provides comprehensive coverage of key terms in language syllabus design and materials development as two areas integral to the effectiveness of language education programs. Research for Materials Development in Language Learning Brian Tomlinson, Hitomi Masuhara, 2010-11-18. This title examines current research in materials development and discusses their implications for the learning and teaching of languages. Recently there has been a dramatic increase in the attention given to materials development as an academic discipline. More universities are including modules on materials development on their MA in applied linguistics courses and more students are studying materials development in their PhD research. Yet to date there has been no publication focusing on reporting and discussing the results of research in materials development. This fills that gap reporting on the results of recent research projects in materials development and discussing their implications for the learning and teaching of languages. The editors introduction outlines the rationale scope and objectives of the book and reviews previously published reports of research in materials development. There are concluding chapters which point out implications for second language acquisition theory and research methodology. The book features suggest applications of the reported research for materials development and proposals for future action in research in materials development for language teaching.
