Slime Dynamics Ben Woodard,2012-09-28 Despite humanity s gradual ascent from clustered pools of it slime is more often than not relegated to a mere residue the trail of a verminous life form the trace of decomposition or an entertaining synthetic material thereby leaving its generative and mutative associations with life neatly removed from the human sphere of thought and existence Arguing that slime is a viable physical and metaphysical object necessary to produce a realist bio philosophy void of anthropocentricity this text explores naturephilosophie speculative realism and contemporary science hyperbolic representations of slime found in the weird texts of HP Lovecraft and Thomas Ligotti as well as survival horror films video games and graphic novels in order to present the dynamics of slime not only as the trace of life but as the darkly vitalistic substance of life **Zones of Control** Pat Harrigan,Matthew G. Kirschenbaum,2016-04-15 A look at wargaming s past present and future from digital games to tabletop games and its use in entertainment education and military planning With examples from Call of Duty Modern Warfare Harpoon Warhammer 40 000 and more Games with military themes date back to antiquity and yet they are curiously neglected in much of the academic and trade literature on games and game history This volume fills that gap providing a diverse set of perspectives on wargaming s past present and future In Zones of Control contributors consider wargames played for entertainment education and military planning in terms of design critical analysis and historical contexts They consider both digital and especially tabletop games most of which cover specific
