

The image features a futuristic, high-tech background with glowing white circuit traces on a black field. The traces form a complex, interconnected network that recedes into the distance, creating a sense of depth and perspective. Two horizontal white lines intersect the circuit pattern, one above and one below the central text. The overall aesthetic is clean, modern, and industrial.

Zeus++ David F. Robinson,1999 A User s Manual for the Zeus Flowfield Analysis tool is provided along with a tutorial for setting up and executing a missile geometry with control surfaces The tool solves the three dimensional Euler equations to calculate the inviscid flowfield about the geometry This inviscid solution is then supplied as input to an integral boundary layer solver which calculates the effects of viscosity on the body Finally if a more in depth solution is desired Zeus can be used to generate a computational domain for use in a full Navier Stokes solver By applying the Zeus tool computational analyses of complex three dimensional missile geometries can be performed on a personal computer in a matter of minutes In addition a computational grid suitable for a full Navier Stokes solver can be generated in approximately 10 min This represents significant savings in both manpower and computational costs typically associated with computational fluid dynamics

Entering the Agon Elton T. E. Barker,2009-01-22 This book investigates one of the most characteristic and prominent features of ancient Greek literature the scene of debate or agon in which with varying degrees of formality characters square up to each other and engage in a contest of words Drawing on six case studies of different kinds of narrative epic historiography and tragedy and authors as diverse as Homer Herodotus Thucydides Sophocles and Euripides this wide ranging study analyses each example of debate in its context according to a set of interrelated questions who debates when why and with what consequences Based on the changing representations of debate across and within different genres it shows the importance of debate to these key canonical genres and in turn the role of literature in the construction of a citizen body through the exploration reproduction and management of dissent from authority
