History of Behavior Modification Alan E. Kazdin, 1978 Behavior Therapy with Children II Anthony M. Graziano, 2008-10-01 The term behavior modification refers to the systematic analysis and change of human behavior and the principal focus is on overt behavior and its relationships to environmental variables Behavior modification can be applied in many settings the nature of which helps to define its subsets Thus applied in clinical settings toward clinical goals it encompasses the subset behavior therapy In Behavior Therapy with Children Volume 2 Anthony M Graziano focuses on behavior therapy specifically the behavioral treatment of children s clinical problems The field of behavior modification encompasses an astonishingly wide and varied spectrum of concepts about and approaches to education clinical problems social programming and rehabilitation efforts A conceptually and technologically rich medium it has been nourished by the psychology laboratory the school and the psychiatric clinic It is an area with diffuse boundaries surrounding a highly active center within which apparently solid landmarks have already been worn away by the dissolving action of corrective self criticism immeasurably aided by the catalysts stirred in by the field s many critics The activity continues the dynamic field boils and the medium enriches itself There appears to be a tendency particularly among new behavior therapists to limit their focus too narrowly to the client s systems of overt behavior In this project psychological therapy begins with a personal interactive social situation in which the generally expected human response of interest sympathy and support is the minimum condition Graziano maintains that these clinical sensitivity skills must be preserved in behavior therapy and enhance its important contribution to advancing the therapeutic endeavor Anthony M Graziano is professor emeritus in the Department of Psychology State University of New York at Buffalo He has published a number of articles in journals on subjects such as teaching machine programs behavior therapy with children diagnostic testing the history of

psychology and evaluations of the contemporary mental health professions He has been on the editorial board of Behavior Modification and on the board of directors for the Eastern Psychological Association **Introduction to Functional Analysis of Behavior in an Applied Setting** Kathryn L.
