- A belief that society is progressing forward (needs improvement)
- Application of Science and Reason in Society
- An understanding that people have the power to change society
- A desire to work outside of the party system (clubs and associations)

Women as Progressives:

- As a result of women bearing less children and their emergence into the public sphere, women became very active in many Progressive causes.
- One of their first and longest struggles was for the right to vote, or women's suffrage. Some states allowed the vote already, but most did not. Promoters realized early that federal legislation was needed.
- The 19th Amendment, guaranteeing women the right to vote, was passed in 1920.

Reforming the Government:

- Many of the reforms that populist fought for in the 1880s and 1890s were championed by Progressives.
- Populist had been successful in winning the right to a secret ballot in many states.
- At the municipal level, progressives were able to implement commissions or city managers to take power away from city councils and mayors.
- Nationally they championed initiatives and referendums, Direct Primaries and the ability to recall.
