Built From Scratch The Home Depot:

Built from Scratch Bernie Marcus, Arthur Blank, Bob Andelman, 2019-08-20 One of the greatest entrepreneurial success stories of the past twenty years When a friend told Bernie Marcus and Arthur Blank that you've just been hit in the ass by a golden horseshoe they thought he was crazy After all both had just been fired What the friend Ken Langone meant was that they now had the opportunity to create the kind of wide open warehouse store that would help spark a consumer revolution through low prices excellent customer service and wide availability of products Built from Scratch is the story of how two incredibly determined and creative people and their associates built a business from nothing to 761 stores and 30 billion in sales in a mere twenty years Built from Scratch tells many colorful stories associated with The Home Depot's founding and meteoric rise shows that a company can be a tough growth oriented competitor and still maintain a high sense of responsibility to the community and provides great lessons useful to people in any business from start ups to the Fortune 500

The Good Jobs Strategy Zeynep Ton, 2014 A research backed clarion call to CEOs and managers making the controversial case that good well paying jobs are not only good for workers and for society they're good for business too *Getting Even* Evelyn Murphy, 2005-10-11 Are you or a woman you love being cheated out of 33 percent of your earnings If you're a woman over your working lifetime you will lose between 700 000 and 2 million simply because of your sex Is that fair No Can it be stopped Absolutely The wage gap is a steady drain on the daily lives of women and our families Rarely do we step back and add up what's missing better medical treatment child care housing food or retirement savings that women could have afforded if they were paid as well as men Getting Even exposes the discrepancy between what women and men make and how it affects us all It reveals that the wage gap is not going away on its own And it explains how to close the wage gap and finally get women even In this intelligently argued and startling book Evelyn Murphy Ph D humanizes the numbers through real life stories and a wealth of data that has never before been examined She shows how the wage gap pinches the daily lives of families throughout the country at every economic level and in every industry And she explains why even though women have more opportunities than their mothers did the wage gap persists The American workplace still harbors an astonishing amount of discrimination including blatant as well as complex hidden barriers unspoken assumptions unexamined attitudes and habitual ways of behaving But Murphy also brings good news The wage gap can be closed Having served as an economist politician public official and corporate officer she has a 360 degree view of the problem and of the solution In a book that will explode into public debate Murphy issues the indictment rouses us to action and tells us exactly how to get even

Pederson, 2008-10 This multi volume series provides detailed histories of more than 8 500 of the most influential companies worldwide **Fortune** Henry Robinson Luce, 1999-06 *The Greatest Stock Picks of All Time* W. Randall Jones, Julie M. Fenster, 2003-12-30 Worth magazine founder Randy Jones shows how to pick the best stocks of the future by learning the lessons of the greatest stocks of all time

In a turbulent investing environment luck must be the only way to score in the stock market right Not so says Randy Jones The people who bought McDonald s in 1965 or Chrysler in 1980 weren t just fortunate Most of them knew how to read the signs of a good stock and jumped on the opportunity Such stocks exist in every economic climate and Jones shows readers exactly how to find them In *The Greatest Stock Picks of All Time* Jones describes twenty five of the best stock picks ever and explains what made them great He shows how the smartest investors find companies that are about to zoom giving readers a framework for analyzing stocks today For example Jones explains why AT T was a great stock pick in the 1920s Polaroid in the 1940s Xerox in the 1950s Teledyne in the 1970s and Intel in the 1990s He then guides readers to discover stocks that represent the same kinds of pathbreaking products innovative business models great management teams and other harbingers of success that will certainly be characteristic of the great stock picks of tomorrow *The Greatest Stock Picks of All Time* has invaluable lessons for anyone in the market today Today a lot of people think they should murder their brokers but my advice is don t You can stay out of jail and make a lot of money by learning from the greatest stocks of the last century and by heeding this advice for your future investments
