Business Analysis And Valuation Using Financial Statements Text And Cases:

Business Analysis & Valuation Krishna G. Palepu, Paul M. Healy, 2008 Financial statements are the basis for a wide range of business analysis. Managers, securities analysts, bankers, and consultants all use them to make business decisions. There is strong demand among business students for course materials that provide a framework for using financial statement data in a variety of business analysis and valuation contexts. BUSINESS ANALYSIS 2 accounting analysis for representing the firm's business economics and strategy in its financial statements and for developing adjusted accounting measures of performance. 3 financial analysis for ratio analysis and cash flow measures of operating and 4 prospective analysis. Then you'll learn how to apply these tools in a variety of decision contexts including securities analysis, credit analysis, corporate financing policies, analysis, mergers and acquisitions, analysis, and governance and communication analysis. This text also offers one Harvard case per chapter as well as an entirely separate section, Section 4, for additional cases.

Business Analysis and Valuation: Using Financial Statements Krishna G. Palepu, Paul M. Healy, Sue Wright, Michael Bradbury, Jeff Coulton, 2020-09-24 The only local text in the market, *Business Analysis and Valuation* provides a framework for understanding and using financial statements for business students and practitioners. Developed specifically for students undertaking accounting valuation subjects, the text is unique in its approach, which introduces and develops a framework for business analysis and valuation using financial statement data, then shows how to apply this framework to a variety of decision contexts. All chapters of this edition have been updated to include the latest regulations, practices, and examples from both the financial markets and research. Industry insights from practitioners and other experts have been added to each chapter, giving students a practical, real-life understanding of how the content they are learning translates to the workplace. With an increased number of real business Asia Pacific case studies exploring various issues, including a running chapter example and references to recent research in this field, the text offers local context and a practical and in-depth approach.
