If you ever wanted to learn a piece of design software but at the end of the learning process you were left with a thought in your head like "Ok, so what do I do now?" you might have just found a solution to that problem. Because this book will help you in learning Affinity Designer and having something to show for it at the end of the learning process. It was designed to be as practical as possible. Inside, you will find 10 flat icon projects designed and created using solely Affinity Designer. The most important tools and options to get you started with the software as fast as possible. Tens of useful tricks and tips to speed up your design workflow. At the end of the book, you will hopefully be able to use Affinity Designer absolutely independently. We won't be focusing on each and every little aspect about each and every tool in Designer. Instead, you will learn how to look at the tools, how they think, and how to benefit from what they offer. [Affinity Designer 1.8. From Zero to Superhero](#) Dawid Tuminski, 2020-03-28. In this book, you will learn how to use one of the hottest new pieces of vector design software available right now. It will take you from the very basics and expand your knowledge to a level that will allow you to work with Designer independently.
