Transforming Microfinance Institutions Joanna Ledgerwood, Victoria White, 2006-08-30 In response to a clear need by low income people to gain access to the full range of financial services including savings a growing number of microfinance NGOs are seeking guidelines to transform from credit focused microfinance organizations to regulated deposit taking financial intermediaries In response to this trend this book presents a practical how to manual for MFIs to develop the capacity to become licensed and regulated to mobilize deposits from the public Transforming Microfinance Institutions provides guidelines for regulators to license and regulate microfinance providers and for transforming MFIs to meet the demands of two major new stakeholders regulators and shareholders As such it focuses on developing the capacity of NGO MFIs to mobilize and intermediate voluntary savings Drawing from worldwide experience it outlines how to manage the transformation process and address major strategic and operational issues inherent in transformation including competitive positioning business planning accessing capital and shareholders and how to transform the MFI s human resources financial management MIS internal controls and branch operations Case studies then provide examples of developing a new regulatory tier for microfinance and how a Ugandan NGO transformed to become a licensed financial intermediary This book will be invaluable to regulators and microfinance NGOs contemplating institutional transformation and will be of tremendous use to donors and technical support agencies supporting MFIs in their transformation

The Political Economy of Microfinance Philip Mader, 2016-01-12 According to the author rather than alleviating poverty microfinance financialises poverty By indebting poor people in the Global South it drives financial expansion and opens new lands of opportunity for the crisis ridden global capital markets This book raises fundamental concerns about this widely celebrated tool for social development

Making Microfinance Work Craig Farren Churchill, Cheryl Frankiewicz, 2006 This training manual provides an overview of the key management principles necessary to optimize the services of microfinance institutions MFIs and brings together useful lessons from numerous MFIs worldwide to help managers strengthen the performance of their unit branch or institution Either used alone or as part of a management training course Making Microfinance Work offers various tools and advice The markets and marketing of MFIs are examined and looks at the different ways in which managers can communicate the value of their products and services It introduces effective methods for enhancing efficiency and productivity which minimize the trade offs MFIs invariably face as they try to provide services over the long term The topic of managing risks is also covered This manual offers strategies to prevent risk from occurring and if it does occur explains how to rectify the situation Practical techniques for allocating costs and determining prices are also highlighted as well as the importance of plans budgets and reports Illustrations and case studies are used to assist managers in applying the concepts outlined in the text An extensive list of additional reading and useful Internet resources is also provided

Microfinance Distance Learning Course ,2002 A new distance learning course intended to make basic knowledge of microfinance

accessible around the globe is now available from the United Nations Capital Development Fund's Special Unit for Microfinance. The course explores why and how microfinance operations grow to provide financial services to poor and low income people on a sustainable basis. The course brings together advice and best practices from successful practitioners and institutions around the world from Latin America to Africa to Asia and the Arab States. Includes 2 CD ROMs.

The Microfinance Revolution Marguerite Robinson, 2001-06-01. Around the world a revolution is occurring in finance for low income people. The microfinance revolution is delivering financial services to the economically active poor on a large scale through competing financially self-sufficient institutions. In a few countries this has already happened; in others it is under way. The emerging microfinance industry has profound implications for social and economic development. For the first time in history capital is well on its way to being democratized. The *Microfinance Revolution* in three volumes is aimed at a diverse readership: economists, bankers, policymakers, donors, and social scientists; microfinance practitioners and specialists in local finance and rural and urban development; and members of the general public interested in development. This first volume, *Sustainable Finance for the Poor*, focuses on the shift from government and donor-subsidized credit systems to self-sufficient microfinance institutions providing voluntary savings and credit services.

Globalization and Development Volume III Shigeru Thomas Otsubo, 2015-10-05. *Globalization and Development* is a cross-national study on the interstate dispersion of the impacts on growth, inequality, and poverty that international economic integration provides to the economies of the developing countries. In order to present the Leading Issues in Development with Globalization in a balanced manner to identify differences and commonalities among Country Experiences in development with globalization and to introduce diversified development paradigms with forward-looking discussions, In Search of a New Development Paradigm for the post-MDGs era, this publication consists of three volumes and four main parts. Volume III, Part IV, presents the diversified development paradigms such as the GNH (Bhutan), the sufficiency economy (Thailand), the reform and opening up paradigm (China), the African and Latin American paradigms, and the Islamic development paradigm. The Concluding Chapter presents the evolution of development paradigms in the global development cooperation community after World War II and then offers a glimpse into new development paradigms for the post-MDG era. This book intends to serve as a unique and comprehensive guide for those in the international development community on the subjects of diversified development paradigms, paths under globalization, and other challenges in the post-MDG era.

Performance Management in Nonprofit Organizations Zahirul Hoque, Lee Parker, 2014-10-10. With increased competition for external funding, technological advancement, and public expectations for transparency, not-for-profit and non-governmental organizations are facing new challenges and pressures. While research has explored the roles of accounting, accountability, and performance management in nonprofit organizations, we still lack evidence on the best practices these organizations implement in the areas of accountability and performance management. This book collects and presents that evidence for the first time, offering insights

to help nonprofits face these new challenges head on Performance Management in Nonprofit Organizations focuses on both conventional and contemporary issues facing nonprofits presenting evidence based insights from leading scholars in the field Chapters examine the design implementation and working of accounting accountability governance and performance management measures providing both retrospective and contemporary views as well as critical commentaries on accounting and performance related issues in nonprofit organizations The book s contributors also offer critical commentaries on the changing role of accounting and performance management in this sector This research based collection is an interesting and useful read for academics practitioners students and consultants in nonprofit organizations and is highly accessible to accounting and non accounting audiences alike
