**Technical Challenges and Design Issues in Bangla Language Processing** Karim, M. A., Kaykobad, M., Murshed, M., 2013-04-30 Many take advantage of software and hardware accessibility in the English language. However, for non-native speakers, this inevitably becomes a problem, specifically for the complex Bangla language, which is not easily integrated into the world of technology. *Technical Challenges and Design Issues in Bangla Language Processing* addresses the difficulties as well as the overwhelming benefits associated with creating programs and devices that are accessible to the speakers of the Bangla language. Professionals, students, and researchers interested in expanding the fields of computing, information, and knowledge management and communication technologies in the non-English realm will benefit from this comprehensive collection of research.

**A Companion to the Muslim World** Aryn Sajoo, 2009-07-07 The eBook editions of this book are available open access under a CC BY-NC-ND 4.0 licence on [bloomsburycollections.com](http://bloomsburycollections.com). Open access was funded by Islamic Publications Ltd. What is the extraordinary text that is the Quran, and how does it relate to the life and times of the Prophet Muhammad? How did a legacy so richly varied in faith, law, and civilization emerge from the message of the Revelation that came to be called Islam, or submission to God's will? This immaculately researched yet thoroughly accessible book offers a journey into the full range of experience, past and present, secular and sacred, of the diverse people and cultures of the Muslim world. Threads of continuity and change are woven through each chapter to make a coherent narrative covering a broad variety of themes and topics. Poets, cities, and the architecture of mosques are as much a part of the exploration as multiple aspects of scripture, the status of women in the faith, and the emergence of a digital community of believers. In the aftermath of September 11, 2001, understanding what Islam is about and what Muslims believe is a vital concern across all frontiers. *A Companion to the Muslim World* is an attractive venture by distinguished scholars to contribute toward this urgent process of comprehension.
