Missing the Mark Dennis Sherwood, 2022-08-04. UNCOVERED 1 in 4 EXAM GRADES IS WRONG. An important contribution to our thinking. Sixth Form Colleges Association. An uncomfortable but important read. Headmasters and Headmistresses Conference. Everyone in UK education should reflect upon the problems identified in this powerful book. Higher Education Policy Institute. Every summer in Britain one million GCSE and A Level candidates receive results that define their school years and set them up for their life. But those results are gravely unreliable. In fact about one grade in four in England is WRONG. That is 1.5 million grades every year. An A Level grade B might have been an A or even a C had a different examiner marked the script. Similarly a GCSE grade 7 might have received a grade 8 or a 6. For a decade young people and their friends and families have been unable to grasp the full extent of this randomness. Now in this definitive and easy-to-follow book Dennis Sherwood explains why so many pupils receive final grades that don't do them justice. And he suggests ways to regain trust which apply to essay-based exams throughout the world. Reviews. Know an A Level student who you were absolutely sure should nail an A but ended up with a B. Well they probably should have got that A but were a victim of this scandal. Sherwood's work changed my outlook. Let him change yours too. Robert Campbell, former Chief Executive Morris Education Trust. Dennis has been challenging our thinking about assessment and the awarding of grades for many years combining detailed research with an engaging manner and clear explanations. This is an important contribution to our thinking. Bill Watkin, Chief Executive Sixth Form Colleges Association. Dennis Sherwood asks the questions about exam grades that no one really wants to answer. His analysis suggests that much of what we think we know about school exams is based at best on wishful thinking and at worst on wilful misrepresentation of statistics. But he also has some positive suggestions for improvement. Missing the Mark is an uncomfortable but important read. Melvyn Roffe, Chair Headmasters and Headmistresses Conference. Missing a grade can result in university or college applications being rejected. Dennis Sherwood asks the 64,000 question: Are grades reliable enough for the purposes they are supposed to serve.
