

## Version 1

### 1. Why is teamwork important?

Teamwork is important because it helps people work together and learn from each other. When students work in a team, they can share ideas and help each other solve problems. Everyone has different skills, and when they combine them, the work becomes better and faster. Teamwork also teaches students to be kind and patient. It helps them listen to others and understand different opinions. Working in a team makes learning more fun and helps students feel part of a group. That's why it's good to work as a team.

### 2. Why might students in a team have disagreements with others?

Students might have disagreements because they think in different ways or want to do things differently. One student may want to do the project one way, and another student may not agree. Sometimes, students don't listen to each other or talk too much without letting others speak. This can cause small fights. Also, if someone is not doing their part, others can get upset. Disagreements are normal, but it's important to talk and find a way to work together.

### 3. What can happen if some students in a team work more than others?

If some students work more than others, they may feel tired or angry. They might think it's not fair that they are doing all the work. The students who don't work may still get a good grade even though they didn't help. This can make the hardworking students feel bad. It's important for everyone in the team to share the work. When all students help, the project is better and everyone feels proud.

### 4. Why can it be a problem if some students in a team have different timetables from the others?

If students have different timetables, they may not be able to meet and work together. One student may be free in the morning, but another student is only free in the evening. This can make it hard to find time to talk and do the work. It can also cause delays in finishing the project. When students can't work at the same time, they may not share ideas or understand what others are doing. That's why having a similar schedule helps teamwork.
