Kowalski,Alastair Younger,Drew Westen,2004-07-22 Work more effectively and gauge your progress along the way This Study Guide is designed to

accompany Kowalski and Westen's Psychology 4th Edition. It increases student success with chapter outlines, objectives, key terms, fill-in exercises, questions that test what you have learned, sample multiple-choice test questions, and answer keys. Students often get lost in the details; most will never take a second psychology course; they often have trouble relating the material to their everyday lives. The new Fourth Edition of Kowalski and Westen's Psychology addresses these teaching challenges. The student develops evaluative reasoning through self-discovery for a lifetime of learning. Students are drawn into the material in a way that intrigues and stimulates so they begin to see psychology at work in their daily lives. Like its predecessors, this new edition effectively captures the diversity and breadth of psychology. A complete overview of how human beings think, feel, and behave is included. Psychology is an evolving science which continually addresses and readdresses the relationship between psychological events and their neural underpinnings, between cognition and emotion, between cultural processes and human evolution, between nature and nurture, and more.
