A Vietnamese Grammar:

A Vietnamese Reference Grammar Laurence C. Thompson, 1988-07-01 When Laurence Thompson's original Vietnamese Grammar first appeared in 1965 it went almost instantly to the top of the list of required reading for serious students of the Vietnamese language. It has stayed there ever since but in recent years the title has become almost impossible to find either in bookstores or in libraries where original copies have often grown woefully ragged and marked up or are now simply missing. In the meanwhile the author has become aware of a number of minor infelicities and typographical errors requiring correction. Thus both demand and scholarship have dictated this re-edition. From the Editor's Note

Basic Vietnamese Grammar in American Hoang-Long Le, 2018-06-26 This book is about Vietnamese grammar. It is necessary for people such as Vietnamese children who begin school without their mother language in foreign countries to learn Vietnamese. This is also for foreigners who would like to learn Vietnamese. The more different languages people know the more different souls to comprehend other cultures. It is the author's interesting pleasure to learn foreign languages such as American and French and to introduce Vietnamese to others for mutual cultural exchange and mutual empathy.
