2 Read the text, ignoring the gaps. Answer the questions.

My kind of nature doctor is Dr Diana and Pete. They are experienced and they know things about the natural world that most people don't. When we were there, they noticed there was a problem. They were worried. In a school, in which room do you go to the bathroom? In a cupboard under the stairs. How many people died in the disaster? Twenty - for people died.

Reading Strategy

To help you decide which phrases fit which gaps, think about the grammar of each sentence. For example, is the first word in the gap a verb? Or is a different kind of word needed?

3 Read the Reading Strategy. Then match the phrases (A-F) with gaps 1-8 in the text. Check that each phrase fits the grammar of the sentence. There is one extra phrase.

- A spinning around in the air
- B bring her home
- C ran back to their house
- D which warned them that they were not as lucky as they thought without looking back
- E holding their maths books
- F realised where he was and how to leave the school
