Item Analysis Summary

10. B. Dimension

- A. The student does not take the negative in the second term.
B. The student subtracts the 2 from the 2,000 and then the 0.002, without simplifying first. It just adds and borrows from the next place.
C. The student does not subtract correctly in the second and third places.

11. A. The student incorrectly subtracts the denominator by subtracting the denominator when simplifying the denominator.

- B. Correct answer.
C. The student incorrectly subtracts the denominator by moving the denominator to the other side.
D. The student incorrectly subtracts the denominator by dividing both the numerator and the denominator.

12. D. The student does not use the order of operations correctly.

- E. Correct answer.
B. The student does not use the order of operations correctly.
C. The student does not use the order of operations correctly.

13. A. The student does not find the greatest common factor.

- B. The student finds the greatest common factor but does not divide the numbers.
C. The student does not find the greatest common factor.
D. Correct answer.

14. **Answer:** The student demonstrates a strong understanding of multiplying and dividing mixed numbers and whole numbers. The student explains the length of the hallway and width correctly, converts mixed numbers to $\frac{11}{2}$ and $\frac{1}{2}$ for this is what is needed to find it. The student shows correct division and the left side and records their own complete explanation.

Answer: The student demonstrates an understanding of multiplying and dividing mixed numbers and whole numbers, but the student's work is not completely accurate in converting the data to mixed numbers.

Answer: The student demonstrates a partial understanding of multiplying and dividing mixed numbers and whole numbers. The student's work and explanation demonstrate a lack of general understanding.

Answer: The student demonstrates a minimal understanding of multiplying and dividing mixed numbers and whole numbers. The student's response is incomplete and demonstrates flaws.

Answer: The student correctly answers a completely incorrect or nonsensical response, or a completely incorrect response demonstrating a lack of understanding of multiplying and dividing mixed numbers and whole numbers.
