## **Proxy War:**

**Proxy Warfare** Andrew Mumford, 2013-07-10 Proxy wars represent a perennial strand in the history of conflict. The appeal of warfare on the cheap has proved an irresistible strategic allure for nations through the centuries. However, proxy wars remain a missing link in contemporary war and security studies. In this timely book, Andrew Mumford sheds new light on the dynamics and lineage of proxy warfare from the Cold War to the War on Terror, whilst developing a cogent conceptual framework to explain their appeal. Tracing the political and strategic development of proxy wars throughout the last century, they emerge as a dominant characteristic of contemporary conflict. The book ably shows how proxy interventions often prolong existing conflicts, given the perpetuity of arms money and sometimes proxy fighters sponsored by third party donors. Furthermore, it emphasizes why, given the direction of the War on Terror, the rise of China as a global power and the prominence now achieved by non-state actors in the Arab Spring, the phenomenon of proxy warfare is increasingly relevant to understandings of contemporary security. **Proxy Warfare** is an indispensable guide for students and scholars interested in the evolution and potential future direction of war and conflict in the modern world.

**Making Sense of Proxy Wars** Michael A. Innes, 2012-05-01 Public debate over surrogate forces and proxy warfare has been largely dormant since the end of the Cold War. The conventional wisdom has been that with the end of the U.S.-Soviet rivalry, state sources of support for proxy guerrilla, insurgent, and terrorist organizations dried up, forcing them to look to criminal activity to survive and precipitating the growth of dangerously independent and well-resourced militants, mercenaries, and warlords. But in the few years since 2001, a wide range of issues raised to prominence by wars in Iraq, Afghanistan, and elsewhere suggest that armed proxies and the forces that drive and shape their use are part of a larger dynamic. From the legacies of the wars in the Balkans, Afghanistan, and Kashmir to the growth of privatized security and military companies and to increased reliance on intermediaries of all kinds, these surrogate forces bear further study. **Making Sense of Proxy Wars** is the first book to seriously challenge Cold War assumptions about terrorism and proxy warfare, offering an alternative view of armed surrogates, whether they are private armies, indigenous militias, or unwilling victims, as complex self-interested actors on the international stage.

**Proxy Wars** Eli Berman, David A. Lake, 2019-03-15 The most common image of world politics involves states negotiating, cooperating, or sometimes fighting with one another, billiard balls in motion on a global pool table. Yet working through local proxies or agents through what Eli Berman and David A. Lake call a strategy of indirect control has always been a central tool of foreign policy. Understanding how countries motivate local allies to act in sometimes costly ways and when and how that strategy succeeds is essential to effective foreign policy in today's world. In this splendid collection, Berman and Lake apply a variant of principal-agent theory in which the alignment of interests or objectives between a powerful state and a local proxy is central. Through analysis of nine detailed cases, **Proxy Wars** finds that when principals use rewards and punishments tailored to the agent's domestic politics, proxies typically comply with their wishes when the threat to the principal or the

costs to the agent increase the principal responds with higher powered incentives and the proxy responds with greater effort if interests diverge too much the principal must either take direct action or admit that indirect control is unworkable

Covering events from Denmark under the Nazis to the Korean War to contemporary Afghanistan and much in between the chapters in *Proxy Wars* engage many disciplines and will suit classes taught in political science economics international relations security studies and much more

**Contemporary Dynamics of Proxy Wars** Vladimir Rauta, 2024-11-14

*Contemporary Dynamics of Proxy Wars* proposes an analysis of proxy wars today with a focus on capturing and explaining the modalities in which proxy wars are and will be shaping the spectrum of violent politics from great power conflict to hybrid and cyber warfare With civil wars in Syria Sudan Yemen and Somalia becoming complex regional and international proxy wars the concept is featuring prominently in policy discussions and national security strategies around the world Vladimir Rauta undertakes a qualitative analysis of a number of global proxy war case studies such as the Syrian civil war the Yemeni civil war and Russian cyber warfare in Ukraine Rather than conceptualising an overarching shift in war this book explores the intersection of the range of contemporary wars with the notion of proxy war In doing so it raises a key questions will great power war be replaced by proxy war

**The Middle East** Arda Özkan, Pinar Yürür, 2024-08-06

*The Middle East Crises Conflicts and Wars* aims to evaluate the Middle East through international politics with diverse theoretical frameworks Chapters have been written by many contributors who explore the Middle East from multiperspectives The scope of this book is very comprehensive and many relevant issue areas are examined In addition to focusing on the different perspectives of international relations current problems are considered especially in the axis of classic modern and post modern security studies The main issues of Syria Lebanon Qatar Saudi Arabia Iran Iraq the UAE Jordan Palestine Kuwait Oman Yemen Bahrain Israel and Turkey are included Maritime disputes the Arab Spring energy transfer migration the EU hydro politics Green Sukuk green Islamic bond youth policies and strategic investments in the Middle East are a number of the topics examined

*Routledge Handbook of the Future of Warfare* Artur Gruszczak, Sebastian Kaempf, 2023-09-19

This handbook provides a comprehensive problem driven and dynamic overview of the future of warfare The volatilities and uncertainties of the global security environment raise timely and important questions about the future of humanity's oldest occupation war This volume addresses these questions through a collection of cutting edge contributions by leading scholars in the field Its overall focus is prognostic rather than futuristic highlighting discernible trends key developments and themes without downplaying the lessons from the past By making the past meet the present in order to envision the future the handbook offers a diversified outlook on the future of warfare which will be indispensable for researchers students and military practitioners alike The volume is divided into six thematic sections Section I draws out general trends in the phenomenon of war and sketches the most significant developments from the past to the present and into the future Section II looks at the areas and domains which actively shape the future of warfare Section III engages with the main theories and conceptions of

warfare capturing those attributes of contemporary conflicts which will most likely persist and determine the dynamics and directions of their transformations The fourth section addresses differentiation and complexity in the domain of warfare pointing to those factors which will exert a strong impact on the structure and properties of that domain Section V focuses on technology as the principal trigger of changes and alterations in the essence of warfare The final section draws on the general trends identified in Section I and sheds light on how those trends have manifested in specific local contexts This section zooms in on particular geographies which are seen and anticipated as hotbeds where future warfare will most likely assume its shape and reveal its true colours This book will be of great interest to students of strategic studies defence studies war and technology and International Relations

Overlapping Regional Orders in the Middle East and North Africa Jordi Quero, 2023-11-24 Focused on a set of overlapping international orders of regional scope present in the Middle East and North Africa this book argues that rules and primary institutions have sanctioned the foreign behavior of the sub system s international actors since 1945 The author avoids recent IR trends focused on narrow case studies instead providing a comprehensive overview of the MENA s regional politics The normative content and evolution of multiple international orders are examined constituting the intra Arab order the Arab Israeli order and the Arab Iranian order as well as the expression of the global order in regional interactions Drawing on Area Studies and English School and constructivist IR theories the author argues that a plurality of overlapping regional orders have coexisted since 1945 not just one as is commonly suggested in the literature Each of these orders is integrated by different participants and has developed its own differentiated norms and institutions setting parameters on legitimate behavior This analytical proposal helps make sense of foreign relations otherwise labeled as incoherent The book has wide appeal accessible both to students wishing to learn about the politics history and sociology of the Middle East as well as to specialists seeking original research on the functioning of the MENA s regional orders

Understanding the New Proxy Wars Peter Bergen, Candace Rondeaux, Daniel Rothenberg, David Sterman, 2022-11-01 Proxy warfare will shape the conflicts of the twenty first century for the foreseeable future Yet the popular understanding of proxy wars remains largely shaped by the experience of the Cold War In reality in the Greater Middle East and its periphery today the growing power of regional states and non state actors combined with the proliferation of new technology has reshaped proxy conflicts in an increasingly multipolar and interconnected environment In this collected volume a range of researchers examine what constitutes proxy warfare and provide new insight into how these wars are waged in contexts stretching from Ukraine to North Africa and Syria to Afghanistan The volume draws upon research surveys and interviews conducted in Syria Iraq Libya and Ukraine as well as examining the propaganda output of those involved in these countries wars In doing so Understanding the New Proxy Wars helps reveal both the continuities and the differences between recent conflicts and those of times past

**Proxy War** Tyrone L. Groh, 2019-03-26 The U S has indirectly intervened in international conflicts on a relatively large scale for decades Yet little is known about the immediate

usefulness or long term effectiveness of contemporary proxy warfare In cases when neither direct involvement nor total disengagement are viable proxy warfare is often the best option or rather the least bad option Tyrone L Groh describes the hazards and undesirable aspects of this strategy as well as how to deploy it effectively Proxy War explores the circumstances under which indirect warfare works best how to evaluate it as a policy option and the possible risks and rewards Groh offers a fresh look at this strategy using uncommon and understudied cases to test the concepts presented These ten case studies investigate and illustrate the different types and uses of proxy war under varying conditions What arises is a complete theoretical model of proxy warfare that can be applied to a wide range of situations Proxy war is here to stay and will likely become more common as players on the international stage increasingly challenge U S dominance making it more important than ever to understand how and when to deploy it

**Summary of Proceedings of the ... Convention of the National Federation of Federal Employees** National Federation of Federal Employees,1919 **India's Wars I** Arjun Subramaniam,2016-04-10 From a serving air force officer an account of the wars India has fought The armed forces play a key role in protecting India and occupy a special place in people s hearts Yet standard accounts of contemporary Indian history rarely have a military dimension In India s Wars serving Air Vice Marshal Arjun Subramaniam who has a Ph D in Defence and Strategic Studies seeks to give India s military exploits their rightful place in history Beginning with a snapshot of the growth of the armed forces he provides detailed accounts of the conflicts from Independence to 1971 the first India Pakistan war of 1947 48 the liberation of Hyderabad and Junagadh the campaign to evict the Portuguese from Goa in 1961 and the full blown wars against China and Pakistan At the same time India s Wars is much more than a record of events It is a tribute to the valour of the men and women in olive green white and blue in the hope that it reaches out to a large audience specially the youth It highlights ways to improve the synergy between the three services as too emphasizes the need to declassify material about national security Laced with veterans exhilarating experiences in combat operations India s Wars fuses the strategic operational tactical and human dimensions of war with great finesse Deeply researched and passionately written it unfolds with surprising ease and offers a fresh perspective on independent India s history **The Federal Employee** ,1919 **Routledge Handbook of Proxy Wars** Assaf Moghadam,Vladimir Rauta,Michel Wyss,2023-07-28 This Handbook is the first volume to comprehensively examine the challenges intricacies and dynamics of proxy wars in their various facets The volume aims to capture the significantly growing interest in the topic at a critical juncture when wars of many guises are becoming multifaceted proxy wars Most often proxy wars have wide ranging implications for international security and are therefore a critically important subject of inquiry The Handbook seeks to understand and explain proxy wars conceptually theoretically and empirically with a focus on the numerous policy challenges and dilemmas they pose To do so it presents a multi and interdisciplinary assessment of proxy wars focused on the causes dynamics and processes underpinning the phenomenon across time and space and a multitude of actors throughout human history The Handbook is divided into six

thematic sections as follows Part I Approaches to the Study of Proxy Wars Part II Historical Perspectives on Proxy Wars Part III Actors in Proxy Wars Part IV Dynamics of Proxy Wars Part V Case Studies of Proxy Wars Part VI The Future of Proxy Wars By bringing together many leading scholars in a synthesis of expertise this Handbook provides a unique and rigorous account of research into proxy war which so far has been largely missing from the debate This book will be of much interest to students of strategic studies security studies foreign policy political violence and International Relations

*Proxy War Ethics: The Norms of Partnering in Great Power Competition* C. Anthony Pfaff, 2024-01-15 While proxy relationships can be an effective means international actors use to transfer risk and lower their costs to compete they also enable actors to circumvent international norms as well as create moral hazards that can make the practice self defeating if not simply unethical Applying the framework of the Just War Tradition this book highlights some of these ethical gaps and addresses how proxy relationships introduce additional obligations for both sponsor and proxy The author examines specific examples of how current precedents set a very high bar for accountability and perversely incentivizes sponsors to employ proxies while discouraging any effort to moderate proxy behavior since that could imply effective control In light of this the book offers policy recommendations on how to best manage these relationships while maintaining certain moral commitments

**The Strategy of War by Proxy** Philip Towle, 1980 *Brassey's Naval Annual* Earl Thomas Allnutt Brassey, 1952 **Bulletin of the American Institute of Mining and Metallurgical Engineers**, 1919 *The Scientific spirit and social work* Arthur James Todd, 1919 *Mining and Metallurgy*, 1919 **Bi-monthly Bulletin of the American Institute of Mining Engineers**, 1919
