The Handbook of Global Trade Policy Andreas Klasen, 2019-12-03 Provides a state of the art overview of international trade policy research. The Handbook of Global Trade Policy offers readers a comprehensive resource for the study of international trade policy governance and financing. This timely and authoritative work presents contributions from a team of prominent experts that assess the policy implications of recent academic research on the subject. Discussions of contemporary research in fields such as economics, international business, international relations, law and global politics help readers develop an expansive interdisciplinary knowledge of 21st century foreign trade. Accessible for students yet relevant for practitioners and researchers, this book expertly guides readers through essential literature in the field while highlighting new connections between social science research and global policy making. Authoritative chapters address new realities of the global trade environment, global governance and international institutions, multilateral trade agreements, regional trade in developing countries, value chains in the Pacific Rim and more. Designed to provide a well rounded survey of the subject, this book covers financing trade such as export credit arrangements in developing economies, export insurance markets, climate finance and recent initiatives of the World Trade Organization (WTO). This state of the art overview integrates new data and up to date research in the field. Offers an interdisciplinary approach to examining global trade policy. Introduces fundamental concepts of global trade in an understandable style. Combines contemporary economic, legal, financial and policy topics. Presents a wide range of perspectives on current issues surrounding trade practices and policies. The Handbook of Global Trade Policy is a valuable resource for students, professionals, academics, researchers and policy makers in all areas of international trade, economics, business and finance.
