**Labour Law in Greece** Viktoria Sp. Douka, Vasilis Koniaris, Konstantinos I. Dimarellis, 2022-11-20 Derived from the renowned multi volume International Encyclopaedia of Laws this monograph on Greece not only describes and analyses the legal aspects of labour relations but also examines labour relations practices and developing trends It provides a survey of the subject that is both usefully brief and sufficiently detailed to answer most questions likely to arise in any pertinent legal setting Both individual and collective labour relations are covered in ample detail with attention to such underlying and pervasive factors as employment contracts suspension of the contracts dismissal laws and covenant of non competition as well as international private law The author describes all important details of the law governing hours and wages benefits intellectual property implications trade union activity employers associations workers participation collective bargaining industrial disputes and much more Building on a clear overview of labour law and labour relations the book offers practical guidance on which sound preliminary decisions may be based It will find a ready readership among lawyers representing parties with interests in Greece and academics and researchers will appreciate its value in the study of comparative trends in laws affecting labour and labour relations

*The Digitalised Image of God* Ximian Xu, 2024-10-08 This book focuses on the idea of the imago Dei to engaging theologically with artificial intelligence AI It reflects on how enormous progress in the development of AI has raised some challenges to Christian theology Questions explored include is AI created in the imago Dei If so does AI challenge the uniqueness of the human being as the imago Dei If not could AI be incorporated into human communities as a human companion in the same way as a natural human person Would AI eventually develop to have human level consciousness and be capable of performing liturgies and ethical actions Bringing to light the radical distinction between the imago Dei and the imago hominis the book constructs a theo ontological foundation for AI and draws on the Reformed theology of archetype ectype as a metaphysical tool to deploy a holistic account of the imago Dei in theology AI dialogues The author argues that the imago Dei is the signifier of the beginning both of God human stories and stories of human ethical performances towards others From the perspective of the image of the imago Dei it can be argued that AI can somehow participate into the narration of these religious and ethical stories This book will be of particular interest to scholars of theology and those working in the field of religion and science technology
