Contracts John Philip Dawson,William Burnett Harvey,Stanley D. Henderson,Douglas G. Baird,2013 With the appearance of the Tenth Edition this book enters its sixth decade Throughout its long history this casebook has relied on classic cases to capture the fundamental principles of contract law and this edition reinforces that tradition This new edition preserves and builds upon the book s distinctive character especially its use of canonical cases its sensitivity to the history and evolution of doctrine and its close attention to the legal consequences of breach The newly added cases show how the basic principles of contract law continue to apply across a wide range of transactions As before this edition eschews any distinctive take on the law of contracts and thus allows each teacher using the book a broad range of choice on what to bring in to channel or expand classroom discussion The most visible alteration in this edition is an expanded treatment of the important problem of contract interpretation A significant amount of new material has been added but the length of the book remains about the same This edition both covers recent developments and maintains a manageable length *CONTRACTS, CASES AND COMMENTS.* JOHN P. Whelan, 1988-11 Contract Law and Its Application Daniel J. Bussel, Arthur Irwin Rosett, 2011 This is a thoroughly modern casebook in the tradition of earlier editions of comparable length and similar in structure and approach The Eighth Edition offers basic contract law in relatively brief free standing units that may be presented in various sequences as the instructor prefers It focuses on contract interpretation as a primary means to resolve a wide range of doctrinal and practical contract problems It highlights the expanding use of arbitration clauses in commercial and consumer contracts and raises countervailing concerns about that expansion through California s recent unconscionability jurisprudence focusing on overreaching arbitration provisions The Eighth Edition updates statutory materials and notes provides comparative law materials indicating alternative approaches to common problems in other legal systems *Cases, Materials, and Problems on Law and Accounting* Donald Schapiro, Ralph Wienshienk, 1949 **Contracts, Cases and Comments** John Dawson, Stanley Henderson, Douglas Baird, Robert Rasmussen, 2025-06-16 The 12th Edition

continues to evolve while remaining anchored to this casebook's core commitments. Throughout its long history, this casebook has relied on classic cases to capture the fundamental principles of contract law. It has also showed how these cases continue to set the framework for modern analysis. This new edition preserves and builds upon the book's distinctive character, especially its use of canonical cases and its sensitivity to the history. The newly added cases show how the basic principles of contract law continue to evolve, such as courts' application of frustration of purpose and impracticability to the challenges raised by COVID. As before, this edition eschews any distinctive take on the law of contracts and thus allows each teacher using the book a broad range of choice on what to bring in to channel or expand classroom discussion. The book incorporates the recently approved Restatement on Consumer Contracts. A significant number of new cases have been added. Cases from the last century that do not break new ground have been eliminated, and the overall length of the book has been reduced.
