

Note Taking Study Guide

Practice Questioning: The notes you take will demonstrate your ability to think critically. I want you to use long, medium and short questions to ask yourself as you take notes. Long questions are 3-5 lines, medium questions are 1-2 lines, and short questions are 1 line. Use the following questions as you take notes:

- Do you understand what you are reading?
- How do you think this information is related to what you have learned before?
- How do you think this information is related to what you are learning now?
- How do you think this information is related to what you will learn later?
