challenging because Derrida questions thought as we know it *Writing and Difference* Jacques Derrida, Alan Bass, 1978

Derrida's 'Writing and Difference' Sarah Wood, 2009-05-08 *Writing and Difference* is one of Jacques Derrida's most widely read and studied books. In a collection of essays that engage with literature, history, poetry, dramaturgy, psychoanalysis, ethnology, and structuralism, Derrida demonstrates how philosophy and literature might be read and revolutionizes our understanding of writing, difference, and life itself. This introduction is the ideal companion to an unprecedented and influential group of texts.

[The Oxford Handbook of Levinas](#) Michael L. Morgan, 2019-04-10 Emmanuel Levinas (1906-1995) emerged as an influential philosophical voice in the final decades of the twentieth century, and his reputation has continued to flourish and increase in our own day. His central themes—the primacy of the ethical and the core of ethics as our responsibility to and for others—speak to readers from a host of disciplines and perspectives. However, his writings and thought are challenging and difficult. *The Oxford Handbook of Levinas* contains essays that aim to clarify and engage Levinas and his writings in a number of ways. Some focus on central themes of his work; others on the ways in which he was read and was influenced by figures from Plato, Hobbes, Descartes, and Kant to Blanchot, Husserl, Heidegger, and Derrida. And there are essays on how his thinking has been appropriated in moral and political thought, psychology, film criticism, and more, and on the relation between his thinking and religious themes and traditions. Finally, several essays deal primarily with how readers have criticized him and found him wanting. The volume exposes and explores both the depth of Levinas's philosophical work and the range of applications to which it has been put, with special attention to clarifying why his interests in the human condition, the crisis of civilization, the centrality and character of ethics and morality, and the very meaning of human experience should be of interest to the widest range of readers.

Dissemination Jacques Derrida, 2021-01-28

Interpretations of Plato, Stéphane Mallarmé, and Philippe Sollers' writings in three essays: Plato's Pharmacy, The Double Session, and Dissemination. The English version of *Dissemination* is an able translation by Barbara Johnson. Derrida's central contention is that language is haunted by dispersal, absence, loss—the risk of unmeaning, a risk which is starkly embodied in all writing. The distinction between philosophy and literature therefore becomes of secondary importance. Philosophy vainly attempts to control the irrecoverable dissemination of its own meaning; it strives against the grain of language to offer a sober revelation of truth. Literature, on the other hand, flaunts its own meretriciousness, abandons itself to the Dionysiac play of language. In *Dissemination*, more than any previous work, Derrida joins in the revelry, weaving a complex pattern of puns, verbal echoes, and allusions intended to deconstruct both the pretension of criticism to tell the truth about literature and the pretension of philosophy to the literature of truth. Peter Dews, *The New Statesman*.

The Methuen Drama Handbook of Interculturalism and Performance Daphne Lei, Charlotte McIvor, 2020-04-02

The Methuen Drama Handbook of Interculturalism and Performance explores groundbreaking new directions and critical discourse in the field of intercultural theatre and performance while surveying key debates concerning interculturalism as an

aesthetic and ethical series of encounters in theatre and performance from the 1960s onwards The handbook s global coverage challenges understandings of intercultural theatre and performance that continue to prioritise case studies emerging primarily from the West and executed by elite artists By building on a growing field of scholarship on intercultural theatre and performance that examines minoritarian and grassroots work the volume offers an alternative and multi vocal view of what interculturalism might offer as a theoretical keyword to the future of theatre and performance studies while also contributing an energized reassessment of the vociferous debates that have long accompanied its critical and practical usage in a performance context By exploring anew what happens when interculturalism and performance intersect as embodied practice The Methuen Drama Handbook of Interculturalism and Performance offers new perspectives on a seminal theoretical concept still as useful as it is controversial Featuring a series of indispensable research tools including a fully annotated bibliography this is the essential scholarly handbook for anyone working in intercultural theatre and performance and performance studies

Derrida and the Writing of the Body Dr Jones Irwin, 2012-12-28 Michel Foucault refers to 1965-1970 as in philosophical terms the five brief impassioned jubilant enigmatic years This book reinterprets Jacques Derrida's work from this period most especially in *L'écriture et la Différence* *Writing and Difference* and argues that a transformation takes place here which has been marginalized in readings of his work to date Irwin follows with a look at how the grammatological opening becomes crucial for Derrida's work in the 1970s and beyond incorporating one of his last readings of embodiment from 2000 By drawing our

attention to the politics of desire and sexuality this groundbreaking book engages with the work of key continental theorists including Artaud Bataille Nietzsche Heidegger Habermas and Cixous whilst also examining Derrida s relationship with Plato and feminist theory It will appeal to a wide range of readers within the social sciences and philosophy particularly those with interests in gender and sexuality social theory continental thought queer studies and literary theory [Reading Material](#)
