Conservation Biogeography Richard J. Ladle, Robert J. Whittaker, 2011-06-09 CONSERVATION BIOGEOGRAPHY The Earth s ecosystems are in the midst of an unprecedented period of change as a result of human action Many habitats have been completely destroyed or divided into tiny fragments others have been transformed through the introduction of new species or the extinction of native plants and animals while anthropogenic climate change now threatens to completely redraw the geographic map of life on this planet The urgent need to understand and prescribe solutions to this complicated and interlinked set of pressing conservation issues has lead to the transformation of the venerable academic discipline of biogeography the study of the geographic distribution of animals and plants The newly emerged sub discipline of conservation biogeography uses the conceptual tools and methods of biogeography to address real world conservation problems and to provide predictions about the fate of key species and ecosystems over the next century This book provides the first comprehensive review of the field in a series of closely interlinked chapters addressing the central issues within this exciting and important subject *Routledge Revivals: Guards Imprisoned (1989)* Lucien X.

Lombardo,2016-10-04 First published in 1989 Guards Imprisoned provides an in depth look into the work and working life of prison guards as they perceive and experience it The author who was a teacher at Auburn Prison New York discovered that little was known about the guard s perceptions of his place in the prison community and set out to explore the dynamics of this key correctional occupation from the perspective of those who do it The raw data was provided by over 160 hours of interviews with guards and is presented in the order of a natural history from their prerecruitment images of prison to the search for satisfaction as experienced guards The book also includes a follow up with the officers who were originally interviewed in 1976 assessing patterns of change and stability in their attitudes and behaviors The Auburn Correctional Facility renamed from Auburn Prison in 1970 was the second state prison in New York the site of the first execution by electric chair in 1890 and the namesake of the famed Auburn System replicated across the country in which people worked in groups during the day were housed in solitary confinement at night and lived in total silence The facility is celebrating the 200th anniversary of its groundbreaking in 2016 Te HS&T J Holt Rinehart & Winston,Holt, Rinehart and Winston Staff,2004-02 **Christian Science Sentinel** ,1898 **English Mechanic and Mirror of Science** ,1892 Who's who in New York City and State Lewis Randolph Hamersly,John William Leonard,William Frederick Mohr,Herman Warren Knox, Frank R.
