ATTENDANCE/DROP POLICY: Attendance for the on-campus meetings on Mondays is mandatory and **ALL** of Chapter 1 homework must be completed by the due date stated on the schedule in order to stay in the class. Because attendance is difficult to monitor in an online class, I need to make sure students are serious and working. I will drop any student that does not submit ALL of chapter 1 homework by the listed due date. NO EXCEPTIONS!!

COURSE DESCRIPTION: This course is an hybrid elementary introduction to axiomatic algebra. It has mandatory campus meetings on Mondays and an online component. It begins with the postulates covering the fundamental operations on natural numbers and carries on a logical development through all of the real numbers. It includes the solution of equations through quadratics.

SLOs: After successful completion of this course, students will:

1. Solve a quadratic equation by method of factoring;
2. Given a linear equation, students will write the equation in slope-intercept form, determine the slope, determine the y-intercept, and graph the equation.

CALCULATOR: Calculators are not allowed for this course. Although I will not be present to enforce this, I highly recommend you to not use calculators. One of the main goals of this course is to learn and apply the basic operations on algebraic expressions. Use of a calculator would defeat the purpose and destroy chances of further success in mathematics courses. Also, you will **NOT** be allowed to use calculators during on-campus exams! Practicing with calculators will be a poor way of preparing for an exam.

TUTORING: Free tutorial assistance is available in the mathematics-tutoring lab, K5-104.

HOMEWORK: A homework assignment will be given for each section on MathXL. Due dates are listed on the schedule. We will basically cover 3-4 sections per week and you will generally have a few days to submit assignments. Homework must be submitted by the due date or else it will not be accepted. **NO EXCEPTIONS!** You cannot access the homework after the due date.

QUIZZES: A quiz will be given at the end of each chapter on MathXL. Each quiz will be open for five days and you must complete the quiz before the due date. You can take the quiz two times before the due date; the highest score will be used. Each quiz will be timed and you will have 90 minutes. **Do not start a quiz if you do not have time to finish.** Two times only, **NO EXCEPTIONS!** Each quiz will be worth 6% of your grade. I will drop your lowest score.

ON-CAMPUS TESTS: 3 tests (excluding the final exam) will be given on campus during our mandatory meetings. Please see the schedule for dates. **NO MAKE-UP TEST** will be allowed for any reason. Any exam not taken by a student will be considered a score of zero (0). Each test will be 9% of your grade.
