Emerson, 2019-12-24 The descent of Jesus Christ to the dead has been a fundamental tenet of the Christian faith as indicated by its inclusion in both the Apostles and Athanasian Creeds But it has also been the subject of suspicion and scrutiny especially from evangelicals Led by the mystery and wonder of Holy Saturday Matthew Emerson offers an exploration of the biblical historical theological and practical implications of the descent Compassionate Person-Centered Care for the Dying Bonnie Freeman, 2015-02-23 A milestone resource for palliative care nurses that facilitates evidence based compassionate and humanistic care of the dying A valuable contribution to the evolving field of palliative nursing care It is authored by a model for this field Bonnie Freeman and brings to the bedside what her practice embodies evidence based clinically expert care The CARES tool is a long needed resource and we are all grateful to the author for moving her passion to paper It will touch the lives and deaths of patients families and the nurses who care for them Betty Ferrell PhD RN MA FAAN FCPN CHPN Professor and Director Division of Nursing Research and Education City of Hope National Medical Center From the Foreword This groundbreaking reference for palliative care nurses is the first to provide realistic and achievable evidence based methods for incorporating compassionate and humanistic care of the dying into current standards of practice It builds on the author's research based CARES tool a reference that synthesizes five key elements demonstrated to enable a peaceful death as free from suffering as possible comfort airway management management of restlessness and delirium emotional and spiritual support and selfcare for nurses The book describes step by step how nurses can easily implement the basic tenets of the CARES tool into their end of life practice It provides a clearly defined plan that can be individualized for each patient and tailored to specific family needs and facilitates caring for the dying in the most respectful and humane way possible The book identifies the most common symptom management needs in dying patients and describes in detail the five components of the CARES paradigm and how to implement them to enable a peaceful death and minimize suffering It includes palliative care prompts founded on 29 evidence based recommendations and the National Consensus Project for Palliative Care Clinical Practice Guidelines The resource also addresses the importance of the nurse to act as a patient advocate how to achieve compassionate communication with the patient and family and barriers and challenges to compassionate care Case studies emphasize the importance of compassionate nursing care of the dying and how it can be effectively achieved Key Features Provides nurses with a clear understanding of the most common needs of the dying and supplies practical applications to facilitate and improve care Clarifies the current and often complex literature on care of the dying Includes case studies

Wesley Allen, 2015-01-02 This book is not another volume attempting to persuade the reader of the rights of gays and lesbians in society and in the church Instead it assumes the reader is a minister or student of ministry who already has a passion for this issue and is looking for better strategies to speak out of this passion in the pulpit Too often progressive preachers avoid speaking about issues related to sexual orientation out of fear of rejection from the congregation or address them in ways that unintentionally alienates either gay or straight hearers Askew and Allen offer preachers tools for recognizing and prophetically countering heterosexism in the pulpit while being pastoral toward those in the pews who may not hold the same view as the preacher The range of issues found at the intersection of homosexuality and the proclamation of the Christian gospel in light of the church's division and the changing landscape of society's attitudes is diverse and complex Allen and Askew represent the combination of critical theology and contemporary homiletics needed to offer preachers new strategies for advocating against social and ecclesial discrimination directed at homosexuals and for the full inclusion of all in the church

The Fate of the Dead in Early Third Century North African Christianity Eliezer Gonzalez, 2014-02-24 The ideology and imagery in the Passion of Perpetua are mediated heavily by traditional Graeco Roman culture in particular by traditional notions of the afterlife and of the ascent of the soul This context for understanding the Passion of Perpetua aligns well with the available material evidence and with the writings of Tertullian with whose ideology the text of Perpetua is in an implicit polemical dialogue Eliezer Gonzalez analyzes how the Passion of Perpetua provides us with early literary evidence of an environment in which the Graeco Roman and Christian cults of the dead including the cults of the martyrs and saints appear to be very much aligned He also shows that the text of the Passion of Perpetua and the writings of Tertullian provide insights into an early stage in the polemic between these two conceptualisations of the afterlife of the righteous

Moral Visions Courtney S. Campbell, Kelly Sorensen, 2025-09-09 Though used by millions as a guide for how to live one's life the Book of Mormon's links with contemporary ethics remain largely unexamined Courtney S Campbell and Kelly Sorensen edit essays that spotlight and encourage further thought on these connections Contributors in the first section discuss foundational issues such as the Book of Mormon's moral psychology its minimalist and covenantal moralities the nature of the good and how the good is known the question of whether value depends on a certain kind of future the Book of Mormon's strategy for moral persuasion and God's participation in human choices In the second section the essayists turn to everyday ethical questions concerning resistance to forced cultural assimilation clothing and dress authority and memory The final chapter further explores practical moral visions A rich and thought provoking analysis *Moral Visions* examines the Book of Mormon through a variety of methods while aiming to deepen understanding of both the text's messages and its potential place in future discussions of ethics

Death and Afterlife in Medieval Christian Thought Jeremiah Mutie, 2025-07-29 *Death and Afterlife in Medieval Christian Thought* explores how medieval Christians conceived the changing ideas of death and what happens thereafter to both the material and immaterial aspects of a person Where much scholarship has addressed this topic from a Western point of view this book asks how these ideas emerged and progressed over this long period of time in both Western and Eastern medieval Christianities The work examines the two leading motifs of death and the afterlife in Western medieval Christian thought Purgatory and the cult of the saints It then proceeds to shift the spotlight to conceptions of death in Eastern Christianity all the while maintaining a comparative approach This book not only delves into the theoretical but draws on archaeological evidence such as artefacts to provide a broader view of the evidence Ultimately it finds that medieval Christians continued the process that started in Christianity s earliest days of borrowing and modifying existing ideas of death and the afterlife in order to produce a distinctive and sophisticated Christian set of beliefs As an accessible introduction this book stands as a valuable resource to students scholars and all readers interested in early medieval Christianity the history of ideas and the history of death

Reincarnation in Jewish Mysticism and Gnosticism Dina Ripsman Eylon, 2003 This study demonstrates that the rabbinic belief system regarding the afterlife and the human soul was the paramount influence on the development of the doctrine of reincarnation that was crystallized in the *Sefer ha Bahir* The Book of Clarity Illumination a 12th century work written in Hebrew and Aramaic Prior research has noted the great impact Gnosticism had on early Jewish mysticism in general and the *Sefer ha Bahir* in particular The analysis of the talmudic and midrashic sources presents a broad spectrum of ideas concerning the
