Education Centres* Anne Marie Ross,2025-05-02 This book juxtaposes a representation of environmental education centres
around the globe with centres within the New South Wales Department of Education in Australia As terminology shifted from
nature study and conservation education to environmental education then environmental and sustainability education within
sustainable development the centres embodied and encompassed this evolution The book traces the centres journeys through
the phenomenon of the 1970s growth in socially conscious governance to 1980s 1990s public managerialism to the tightening
tentacles of capitalism The complexity of education as a socio political endeavour is made explicit Themes including the
changing dynamics of caring for the environment and bureaucratic and political manoeuvring in addition to the effects of
activism and globalisation are viewed through a centre lens as the centres survive and thrive in ever increasing neoliberal
times The book will appeal to teachers academics and bureaucrats interested in the history and politics of environmental
