What Should I Do? Anna Ershler Richert, 2012-04-06 *What Should I Do* is a practical guide to the everyday dilemmas of the urban classroom. It offers a lifeline to both beginning teachers who are struggling to be successful and to the teacher educators who are trying to prepare them for these challenges. The author uses narratives of practice written by novice teachers to help readers experience a variety of dilemmas they are likely to encounter in the classroom. By engaging with and analyzing the cases, readers come to see that the problems of teaching are actually dilemmas that have no clear cut right or wrong solution, thus reducing the potential for frustration and despair often felt by teachers. This practical resource will empower teachers to transform the unpredictable world of troubled schools into places of learning and hope for both themselves and their students. As a former teacher said, "I wish I had read this book and realized that I wasn't expected to have all the answers. I would probably still be teaching."

Fantasies of Witnessing Gary Weissman, 2018-07-05 *Fantasies of Witnessing* explores how and why those deeply interested in the Holocaust yet with no direct familial connection to it endeavor to experience it vicariously through sites or texts designed to make it real for nonwitnesses. Gary Weissman argues that far from overwhelming nonwitnesses with its magnitude of horror, the Holocaust threatens to feel distant and unreal. A prevailing rhetoric of secondary memory and trauma, he contends, and efforts to portray the Holocaust as an immediate and personal experience are responses to an encroaching sense of unreality. In America, we are haunted not by the traumatic impact of the Holocaust but by its absence. When we take an interest in the Holocaust, we are not overcoming a fearful aversion to its horror but endeavoring to actually feel the horror of what otherwise eludes us. Weissman focuses on specific attempts to locate the Holocaust in the person of Elie Wiesel, the most renowned survivor, and his classic memoir *Night*, in videotaped survivor stories, and Lawrence L. Langer's celebrated book *Holocaust Testimonies* and in the films *Shoah* and *Schindler's List*. These representations, he explains, constitute a movement away from the view popularized by Wiesel that those who did not live through the Holocaust will never be able to grasp its horror and toward re-creating the Holocaust as an experience nonwitnesses may put themselves through. It is only by acknowledging the desire that gives shape to such representations and by exploring their place in the ongoing contest over who really knows the Holocaust and feels its horror that we can arrive at a more candid assessment of our current and future relationships to the Holocaust, he says.

Night Elie Wiesel, 2002 An autobiographical narrative in which the author describes his experiences in Nazi concentration camps.

Sources of Holocaust Insight John K. Roth, 2020-01-29 *Sources of Holocaust Insight* maps the odyssey of an American Christian philosopher who has studied, written, and taught about the Holocaust for more than fifty years. What findings result from John Roth's journey? What moods pervade it? How have events and experiences, scholars' and students' texts, and testimonies, especially the questions they raise, affected Roth's Holocaust studies and guided his efforts to heed the biblical proverb, "Whatever else you get, get insight." More sources than Roth can acknowledge have informed his encounters with the
