Simon R. Green, 2016-05-04 Owen Deathstalker last of the infamous warrior Clan always considered himself more of a writer than a fighter preferring his history books to making any actual history with a sword But books won't protect him from Her Imperial Majesty Lionstone XIV who just Outlawed and condemned Owen to death without any explanation reason or warning No wonder she's called the Iron Bitch Now on the run from Imperial starcruisers shady mercenaries and just about everyone else in the Empire Owen's options are limited Though the name Deathstalker still commands respect in certain quarters out on the Rim Owen is lucky he can cobble together a makeshift team of castoffs including an ex pirate a cyborg and a bounty hunter But allies won't be enough to save him If he's to live Owen can either run forever or take down the corrupt Empire To do that he'll need the fabled Darkvoid Device an artifact dating back to the first Deathstalker and perhaps the only weapon powerful enough to help this ragtag rebellion win The time has come for Owen to finally embrace his Deathstalker heritage and all the blood and death that go along with it Deathstalker is the first book in New York Times bestselling author Simon R Green's beloved space opera series Praise for the Deathstalker series Green blends derring-do space battles and wry banter
