## **Normanni Del Sud:**

*The Normans in the South, 1016-1130* John Julius Norwich, 2018-03 Chronicling the other Norman invasion The Normans in the South is the epic story of the House of Hauteville and in particular Robert Guiscard perhaps the most extraordinary European adventurer between the times of Caesar and Napoleon In one year 1084 he had both the Eastern and Western Emperors retreating before him and one of the most formidable of medieval Popes in his power His brother Roger helped him to conquer Sicily from the Saracens and his nephew Roger II went on to create the cosmopolitan kingdom whose remaining monuments still dazzle us today The Normans in the South is the first of two volumes that recount an extraordinary chapter in Italian history

[Roger II of Sicily](#) Hubert Houben, 2002-04-04 Although many studies have addressed important aspects of medieval southern Italy this was the first work for nearly ninety years to be devoted specifically to the life and reign of King Roger II the founder of the kingdom of Sicily The book provides a comprehensive introductory narrative of the reign and a clear scholarly analysis of its culture and of the development of royal government The kingdom created by the Norman Roger of Hautville in the first half of the twelfth century was a monarchy with highly developed absolutist ideas an elaborate bureaucracy a reasonably well filled treasury and a mixed cultural heritage reflected by the presence of Arabs and Greeks at court Based on many years of research in archives and libraries across Europe the book offers a valuable overview of one of the most striking periods in south Italian and European history
