Shakespeare, Annotated Bibliographies and Media Guide for Teachers Andrew M. McLean,1980      **The Emerson Quarterly** ,1925      **Shakespeare as Prompter** Murray Cox,Alice Theilgaard,1994 Prompting is the thematic thread that pervades the pages of this book Its primary connotation is that of the prompter who is urgently called into action at moments of anxiety when narrative begins to fail The central dynamic issue concerns the amending imagination as a prompting resource which through creativity and the aesthetic imperative can be invoked in this therapeutic space when the patient through fear resistance or distraction is unable to continue with his story Psychotherapy can be regarded as a process in which the patient is enabled to do for himself what he cannot do on his own Shakespeare as the spokesman for all other poets and dramatists prompts the therapist in the incessant search for those resonant rhythms and mutative metaphors which augment empathy and make for deeper communication and which also facilitates transference interpretation and resolution The cadence of the spoken word and the different laminations of silence always call for more finely tuned attentiveness than the therapist unprompted can offer The authors show how Shakespeare can prompt therapeutic engagement with inaccessible patients who might otherwise be out of therapeutic reach At the same time they demonstrate that the clinical off stage world of therapy can also prompt the work of the actor in his on stage search for representational precision      Classroom Teaching Skills James Michael Cooper,1986 Much of the material in this book was previously published in *Classroom teaching skills a handbook* and *Classroom teaching skills a workbook* both c1977      *Outline Studies in the Shakespearean Drama* Mrs. Mary Ellen Ferris Gettemy,1906      **Canadian Books in Print** ,1973      Annotated Bibliography of New Publications in the Performing Arts ,1973
