**Future of Teaching** Guy Claxton,2021-04-28 It s time for the educational slugfest to stop Traditional and progressive education are both caricatures and bashing cartoon images of each other is unprofitable and unedifying The search for a new model of education one that is genuinely empowering for all young people is serious and necessary Some good progress has already been made but teachers and school leaders are being held back by specious beliefs false oppositions and the limited thinking of orthodoxy Drawing on recent experience in England North America and Australasia but applicable round the world The Future of Teaching clears away this logjam of bad science and slack thinking and frees up the stream of much needed innovation This timely book aims to banish arguments based on false claims about the brain and poor understanding of cognitive science reclaim the nuanced middle ground of teaching that develops both rigorous knowledge and character and lay the foundations for a 21st century education worthy of the name **Exploring Lifespan Development** Laura E.

Berk, 2010 This shorter essentials version of Berk's best selling *Development Through the Lifespan* 5e covers the same topics and contains the same number of chapters but presents only the essential information with an exceptionally strong emphasis on applications. Exploring Lifespan Development includes all the features Berk's texts are known for: Engaging writing style, exceptional cross-cultural focus, rich examples, the most up-to-date research, and practical applications that help students relate the subject to their personal and professional lives. Laura Berk, renowned professor and researcher, has refashioned her text to provide the core information in the field with an exceptionally strong emphasis on applications. Visually stunning, pedagogically balanced, and fully integrated, the Exploring edition has all the great features of *Development Through the Lifespan* 5e in an abbreviated form. The latest theories and findings in the field are made accessible to students in a manageable and relevant way. Berk's signature storytelling style invites students to actively learn beside the text's characters who share their influential experiences and developmental milestones. Students are provided with an exceptionally clear and coherent understanding of the sequence and underlying processes of human development, emphasizing the interrelatedness of all domains: physical, cognitive, emotional, social. Throughout the text, narrative, and in special features, Berk also helps students connect their learning to their personal and professional areas of interest. Her voice comes through when speaking directly about issues students will face in their future pursuits as parents, educators, health care providers, social workers, and researchers. As members of a global and diverse human community, students are called to intelligently approach the responsibility of understanding and responding to the needs and concerns of both young and old. Berk presents the most important classic and emerging theories in an especially clear, coherent, engaging writing style with a multitude of research-based, real-world, and cross-cultural examples. Strengthening the connections among developmental domains and highlighting the application of theories and research to the real world, this text presents the most important scholarship in the changing field of human development.
