Light Planning in the Urban Context

Christa van Santen

Birkhäuser

An aerial night photograph of a city, likely Austin, Texas, showing the illuminated Texas State Capitol building on the right. A large, semi-transparent, glowing light zone is overlaid on the city, extending from the foreground towards the center. The light zone is composed of numerous small, bright points of light, creating a dense, textured appearance. The city lights are visible in the background, and the overall scene is dark with the city lights providing the primary illumination.
