English Syntax Roderick Jacobs:

English Syntax Roderick A. Jacobs, 1995-01 This text presents the basic principles underlying English sentence structure. It incorporates the most recent theoretical and applied linguistic research yet keeps technical apparatus and terminology to a minimum.

The Blackwell Companion to Syntax Martin Everaert, Henk Van Riemsdijk, 2008-04-15 Pre Order The Wiley Blackwell Companion to Syntax second edition publishing December 2017 Find out more at www.companiontosyntax.com

This long awaited reference work marks the culmination of numerous years of research and international collaboration by the world's leading syntacticians. There exists no other comparable collection of research that documents the development of syntax in this way. Under the editorial direction of Martin Everaert and Henk van Riemsdijk this 5 volume set comprises 70 case studies commissioned specifically for this volume. The 80 contributors are drawn from an international group of prestigious linguists including Joe Emonds, Sandra Chung, Susan Rothstein, Adriana Belletti, Jim Huang, Howard Lasnik, and Marcel den Dikken among many others. A unique collection of 70 newly commissioned case studies offering access to research completed over the last 40 years. Brings together the world's leading syntacticians to provide a large and diverse number of case studies in the field. Explores a comprehensive range of syntax topics from an historical perspective. Investigates empirical domains which have been well documented and which have played a prominent role in theoretical syntax at some stage in the development of generative grammar. Serves as a research tool for not only theoretical linguistics but also the various forms of applied linguistics. Contains an accessible alphabetical structure with an index integral to each volume featuring keywords and key figures. Each multi volume set is also accompanied by a CD Rom of the entire Companion. Like the prestigious Blackwell Handbooks in Linguistics series this multi volume work in the new The Wiley Blackwell Companions to Linguistics series can be relied upon to deliver the quality and expertise with which Blackwell Publishing's linguistics list is associated.

The Wiley Blackwell Companion to Syntax, 8 Volume Set Martin Everaert, Henk Van Riemsdijk, 2017-12-26 An invaluable reference tool for students and researchers in theoretical linguistics. The Wiley Blackwell Companion to Syntax Second Edition has been updated to incorporate the last 10 years of syntactic research and expanded to include a wider array of important case studies in the syntax of a broad array of languages. A revised and expanded edition of this invaluable reference tool for students and researchers in linguistics now incorporating the last 10 years of syntactic research. Contains over 120 chapters that explain, analyze, and contextualize important empirical studies within syntax over the last 50 years. Charts the development and historiography of syntactic theory with coverage of the most important subdomains of syntax. Brings together cutting edge contributions from a global group of linguists under the editorship of two esteemed syntacticians. Provides an essential and unparalleled collection of research within the field of syntax available both online and across 8 print volumes. This work is also available as an online resource at www.companiontosyntax.com

A Concise Introduction to Syntactic Theory Elizabeth A. Cowper, 1992-03 This textbook is intended to give students a quick

start in using theory to address syntactic questions At each stage Cowper is careful to introduce a theoretical apparatus that is no more complex than is required to deal with the phenomenon under consideration Comprehensive and up to date this accessible volume will also provide an excellent refresher for linguists returning to the study of Government Binding theory Cowper exhibits the analytical devices of current principles and parameters approaches takes readers carefully through the central elements of grammatical theory including very recent work and ushers them selectively into the technical literature A serious introduction for those who want to know the nuts and bolts of syntactic theory and to see why linguists are so excited these days David Lightfoot University of Maryland An excellent short introduction to the Government and Binding model of syntactic theory Cowper s work succeeds in teaching syntactic argumentation and in showing the conceptual reasons behind specific proposals in modern syntactic theory Jaklin Kornfilt Syracuse University *Pragmatics and Autolexical Grammar* Etsuyo Yuasa, Tista Bagchi, Katharine P. Analysis of Control and Raising William D. Davies, STANLEY DUBINSKY, 2007-09-04 Raising and control have figured in every comprehensive model of syntax for forty years. Recent renewed attention to them makes this collection a timely one. The contributions representing some of the most exciting recent work address many fundamental research questions. What beside the canonical constructions might be subject to raising or control analyses? What constructions traditionally treated as raising or control might not actually be so? What classes of control must be recognized? How do tense agreement or clausal completeness figure in their distribution? The chapters address these and other relevant issues and bring new empirical data into focus.
