Part I

- P:** Titanium combines readily with oxygen, nitrogen, and hydrogen, all of which have an adverse effect on its mechanical properties.
C: Titanium must be processed in their absence.
- P:** The good, according to Plato, is that which furthers a person's real interests.
C: In any given case when the good is known, men will seek it.
- P:** The denial or perversion of justice by the sentences of courts, as well as in any other manner, is with reason classed among the just causes of war.
C: The federal judiciary ought to have cognizance of all causes in which the citizens of other countries are concerned.
- P:** When individuals voluntarily abandon property, they forfeit any expectation of privacy in it that they might have had.
C: A warrantless search and seizure of abandoned property is not unreasonable under the Fourth Amendment.
- P₁:** Artists and poets look at the world and seek relationships and order.
P₂: But they translate their ideas to canvas, or to marble, or into poetic images.
P₃: Scientists try to find relationships between different objects and events.
P₄: To express the order they find, they create hypotheses and theories.
C: The great scientific theories are easily compared to great art and great literature.
- P₁:** The animal species in Australia are very different from those on the mainland.
P₂: Asian placental mammals and Australian marsupial mammals have not been in contact in the last several million years.
C: There was never a land bridge between Australia and the mainland
- P₁:** We need sleep to think clearly, react quickly, and create memories.
P₂: Studies show that people who are taught mentally challenging tasks do better after a good night's sleep.
P₃: Other research suggests that sleep is needed for creative problem solving.
C: It really does matter if you get enough sleep.
- P₁:** The classroom teacher is crucial to the development and academic success of the average student.
P₂: Administrators simply are ancillary to this effort.
C: Classroom teachers ought to be paid at least the equivalent of administrators at all levels, including the superintendent.
