Connections James Burke:

Connections James Burke,2012-02-21 *Connections* is a brilliant examination of the ideas inventions and coincidences that have culminated in the major technological achievements of today How did the popularity of underwear in the twelfth century lead to the invention of the printing press How did the waterwheel evolve into the computer How did the arrival of the cannon lead eventually to the development of movies In this highly acclaimed and bestselling book James Burke brilliantly examines the ideas inventions and coincidences that have culminated in the major technological advances of today With dazzling insight he untangles the pattern of interconnecting events the accidents of time circumstance and place that gave rise to the major inventions of the world Says Burke My purpose is to acquaint the reader with some of the forces that have caused change in the past looking in particular at eight innovations the computer the production line telecommunications the airplane the atomic bomb plastics the guided rocket and television which may be most influential in structuring our own futures Each one of these is part of a family of similar devices and is the result of a sequence of closely connected events extending from the ancient world until the present day Each has enormous potential for humankind s benefit or destruction Based on a popular TV documentary series *Connections* is a fascinating scientific detective story of the inventions that changed history and the surprising links that connect them

Connections H. Peter Alesso,Craig F. Smith,2008-03-11 In their fascinating analysis of the recent history of information technology H Peter Alesso and Craig F Smith reveal the patterns in discovery and innovation that have brought us to the present tipping point A generation from now every individual will have personally tailored access to the whole of knowledge the sooner we all begin to think about how we got here and where we re going the better This exciting book is an essential first step From the Foreword by James Burke Many people envision scientists as dispassionate characters who slavishly repeat experiments until eureka something unexpected happens Actually there is a great deal more to the story of scientific discovery but seeing the big picture is not easy *Connections Patterns of Discovery* uses the primary tools of forecasting and three archetypal patterns of discovery Serendipity Proof of Principle and 1% Inspiration and 99% Perspiration to discern relationships of past developments and synthesize a cohesive and compelling vision for the future It challenges readers to think of the consequences of extrapolating trends such as Moore s Law to either reach real machine intelligence or retrench in the face of physical limitations From this perspective the book draws the big picture for the Information Revolution s innovations in chips devices software and networks With a Foreword by James Burke and bursting with fascinating detail throughout *Connections Patterns of Discovery* is a must read for computer scientists technologists programmers hardware and software developers students and anyone with an interest in tech savvy topics

Connections ,2001 [American Connections](#) James Burke,2007-07-03 Using the unique approach that he has employed in his previous books author columnist and television commentator James Burke shows us our connections to the fifty six men who signed the Declaration of Independence Over the two hundred plus years

that separate us these connections are often surprising and always fascinating Burke turns the signers from historical icons into flesh and blood people Some were shady financial manipulators most were masterful political operators a few were good human beings and some were great men The network that links them to us is also peopled by all sorts from spies and assassins to lovers and adulterers inventors and artists The ties may be more direct for some of us than others but we are all linked in some way to these founders of our nation If you enjoyed Martin Sheen as the president on television s The West Wing then you re connected to founder Josiah Bartlett The connection from signer Bartlett to Sheen includes John Paul Jones Judge William Cooper father of James Fenimore Sir Thomas Brisbane governor of New South Wales an incestuous astronomer an itinerant math teacher early inventors of television and pioneering TV personality Bishop Fulton J Sheen the inspiration for Ramon Estevez s screen name Martin Sheen
