Introduction to Research Methods in Education Keith F Punch, Alis Oancea, 2014-11-10 Based on Keith Punch's bestselling *Introduction to Social Research Methods* this book introduces the research process in a range of educational contexts. In this updated second edition you will find guidance on every stage of research with chapters on developing research questions, doing a literature review, collecting data, analysing your findings and writing it all up. With a new chapter on ethics and additional coverage of Internet research and mixing methods, the second edition contains everything you will need if you are studying on a research methods course or doing a research project for yourself. *Introduction to Research Methods in Education* provides you with balanced coverage of the range of methods employed by educational researchers. Practical advice on collecting and analysing qualitative, quantitative and mixed methods data. A range of examples from student projects to show how research is done in real life educational settings. A companion website with additional resources for lecturers and students. Keith F Punch is Emeritus Professor in the Graduate School of Education at The University of Western Australia. Alis Oancea is Professor of Philosophy of Education and Research Policy as well as Director of Research at the University of Oxford, Department of Education.

Introduction to Research Methods in Education Keith F Punch, 2009-03-19 Based on the popular *Introduction to Social Research Methods* this book offers a highly accessible, clear and engaging introduction to research in education which has been carefully and extensively developed to fully meet the needs of those studying in education and related fields. *Introduction to Research Methods in Education* assumes no previous knowledge of the subject and focuses on helping the reader develop a clear conceptual understanding of the nature of empirical research in education and of how those ideas lead to and underlie the principal research techniques. Qualitative, quantitative and mixed methods approaches are covered along with practical guidance on issues such as how to prepare a research proposal, write a literature review and analyse different types of data. This book is an ideal introduction to researching in an educational context for students at both undergraduate and postgraduate level and will be a must-have for anyone studying on a research methods course or doing a research project for themselves.
