Products and Applications of Biopolymers Casparus Verbeek, 2012-03-07 It is interesting to consider that biopolymers are by no means new to this world It is only because of our fascination with petrochemical products that these wonderful materials have been neglected for so long Today we face a different challenge Environmental pressure is pushing away from synthetic or petrochemically derived products while economic factors are pulling back from often more expensive green options This book

presents two aspects of biopolymers potential products and some applications of biopolymers covering the current relevance of biopolymers
