Purpose of this Book This book has been written for the young men and young women of the Philippines It is intended to
introduce them into the history of their own island country The subject of Philippine history is much broader and more
splendid than the size and character of this little book reveal Many subjects have only been briefly touched upon and there
are many sources of information old histories letters and official documents which the writer had not time and opportunity to
study in the preparation of this work It is not too soon however to present a history of the Philippines even though
imperfectly written to the Philippine people themselves and if this book serves to direct young men and young women to a
study of the history of their own island country it will have fulfilled its purpose The Development of the Philippines and of
Japan In many ways the next decade of the history of the Philippine Islands may resemble the splendid development of the
neighboring country of Japan Both countries have in past times been isolated more or less from the life and thought of the
modern world Both are now open to the full current of human affairs Philippine History Teodoro A. Goncillo, 2010
