Siu Lim Tao - The little idea Marc Debus, 2020-03-18 This book is about the first form of the Lo Man Kam Wing Chun Kung Fu System and in later sections explains some applications of this form. It is the first of a set of books in which we will present Sifu Lo Man Kam's Wing Chun System. We want to offer all readers the knowledge which Sifu Lo Man Kam gave us during the instruction of the first form, Siu Lim Tao. The first form demonstrated in this book is the Siu Lim Tao which Sifu Lo Man Kam teaches to day in his Lo Man Kam Wing Chun System. *The Essence of Martial Arts* John Hennessy, 2011-11 In this guide author John Hennessy presents a concise to the point volume on martial arts written from the perspective of prospective students to help make sense of complicated routines that remained reserved for senior martial arts students. *The Essence of Martial Arts* is an easy to read instructional guide to mastering the more difficult maneuvers and then applying them to real world scenarios. You may be new to martial arts, experienced or somewhere in between. Perhaps you've never been to a dojo, dojang or kwoon or perhaps you spend a large portion of your time at one of them. Whatever the case you will be able to pick up the elements of martial arts quickly and put them to use. This guide covers the basics but also addresses more specific approaches for fighting and self defense. So jump right in. With good guidance it's not difficult to achieve excellence in martial arts if you absolutely commit to doing so. Synopsis: Written from the unique perspective of an experienced martial arts instructor, the book is a concise collection of theories that the author knows to work in practice. Throughout the book is easy to read and balances a humorous style when telling real life stories which enhances the serious points the author wants to convey. Therefore the book is summarised into the basic, intermediate and advanced levels that all readers can pick up the elements quickly and put them to use. There are specific chapters on Kung Fu, Wing Chun, Tai Chi, Karate and Jeet Kune Do. This is a very personal book in which the author details how and why he got into martial arts through to chapters on real practical life saving methods, street fighting, self defence for women and how to succeed in tournaments. Anyone interested in martial arts will not fail to benefit from this book. Why you should buy this book: Many chapters have insights that some teachers won't tell you. Often they will tell you what works for them but not explain in detail what will work for you. So what is produced from some schools are people who have some individual strengths but many weaknesses that the training for whatever reason does not correct. This book helps you focus on what is important. It does not go on and on about difficult techniques that you cannot do without proper guidance. This book explains basic and more advanced approaches simply and methodically. It is a book any beginner can improve from and many advanced martial artists

can benefit from Chapters Include Tai Chi How to harmonise internal energy to turn it into external force Re directing your Opponent s Energy How to beat someone without throwing a single punch Kung Fu How to blow your opponent away effectively and with relative ease Jeet Kune Do How to use this most unsettling of styles to devastating effect Karate How to use discipline and focus to overcome your opponent Self Defence Principles for Women Reasons why women can be confident against potential attackers Tournaments and Street Fighting for Real Putting what you learn into a real context that tests how much you have learnt And much more

Barefoot Zen Nathan J Johnson,2000-11-15 Most books about Kung Fu or Karate deal with techniques or history Few examine the underlying purpose of these arts or approach them as a tool for spiritual rather than physical development Barefoot Zen is a brave new approach to the martial arts which clearly demonstrates that the traditional movements of both Kung Fu and Karate

contained in the solo choreographed sequences of movements known as forms or kata grew out of the spiritual practices of the Shaolin order of Buddhist monks and nuns Nathan Johnson explains that this mystical and non violent teaching is a profound and beautiful expression of Chan Zen Buddhism and its pursuit of wisdom peace and enlightenment Contrary to popular assumption he contends that it was never intended to be an actual means of self defense Barefoot Zen bridges the gap between Kung Fu and Karate and reveals their common origin through the disclosure of vital research material on three of the world's most important Karate kata Part I explains the spiritual disciplines that contributed to what we know as the martial arts Part II explains the creation of the art along with practical instruction for performing kata Part III explains the formation of many of the world's Kung Fu styles We learn that the original empty hand art was used as a method of kinetic meditation between pairs and was designed as a practical tool to assist practitioners in transcending the fear and insecurity of everyday living Barefoot Zen makes the legacy of the Shaolin way accessible to all releasing the art from the clutches of popular images and painful concerns about self defense The legendary courage of the Shaolin Chan Zen order was not developed by fighting with enemies but by not fighting The Shaolin teaching was designed to free us from fear the only true enemy
