

02. PRESS OUT PIECES

03. CONSTRUCTION

TOOLS AND MATERIALS

Glue or tape
 Any type of glue or tape will hold the mask together, but a glue stick or double-stick tape is the easiest and fastest material to use. If the glue will also work for the string, use the same one, as it's considerably longer.

ASSEMBLING THE MASK

1. Take out all of the template pieces.
2. Make the valley and mountain folds in preparation. Push along the edge of each fold to make sure that it's well defined and easy to see. The deeper the fold, the better the finished mask will look.
3. Using the order of work below, find two template pieces that have edges with a corresponding number. For example, edge number 10 goes together with another edge number 10.
4. If each pair of cardboard edges are part of the same gluing side with one side flat, the gluing side will always go on the inside of the mask. For the rest, just follow your usual technique or tape to the side. Once you've finished with how the parts fit together, apply glue to the outer surface of the flat and bring the two edges together. Apply pressure to the joint and the glue has an enough to hold on its own.

ORDER OF WORK

Start with the ears
 Move to the nose to eyes
 Top of head
 Back of head
 Chin

HEADBAND

Once you have had the mask, make the headband and tape it to the inside of the mask, using the following instructions:

1. Use the three surfaces of the head into a strip leaving one end open. We have shown three examples for each pair. Then wrap the band around your head overlapping the two loose ends.
2. Tape or glue the first overlap so that the band is snug but not tight on your head.
3. Slip the band off your head and tape to the front of the band the entire surface a side to the front of the inside of the mask. You may need to play around with the position of the band to get the mask to sit on your head in the way that you want.
4. Tape the three straight sides to the inside of the mask so that the band is glued.

VALLEY AND MOUNTAIN FOLDS

To create the mask, you'll need to use two types of simple paper folds:

Valley fold represented by a dashed line

Mountain fold represented by a dashed line with dots
