

Competency Examples with Performance Statements

The examples below of competencies may be used in various staff management functions like:

- Planning performance expectations.
- Determining training and development needs.
- Establishing recruitment and selection criteria.

The competencies are grouped together under categories. Each competency includes a title, a general definition, and several measurable or observable performance statements.

This list is useful as a reference, but is not all-inclusive. The performance statements listed are to be used to generate thought about how the competency is displayed when performed well on the job. The competency descriptions are intended to be tailored to individual positions.

Position-specific competencies are best determined through a job analysis process. Supervisors should talk with their HR office to receive specific direction around competency identification.
