Language Intelligence or Universal English by Dr Rimaletta Ray. The book Language Intelligence or Universal English is a collection of the three volumes Book One, Book Two and Book Three that represent the three parts of one interconnected auto training remedial course on renewing any language intelligence in general and the English language intelligence in particular. Language fitness is the main prerogative of all the three books. Without a doubt the globalization of economy and a new technological revolution require that we display a much higher level of language habits and speech skills, the skills that do not only meet our immediate needs of communication in English but also the skills that generate new business opportunities and help us promote an intelligent network building using English as the main web tool. Building solid language intelligence is vital for rationalizing our lives at the present choice driven and digitally focused times. The books are helping to create breakthroughs for developing new language intelligence that in turn will help readers build up emotional, professional, cultural and social intelligences that are at the core of global communication now and that are the main concepts of the book Living Intelligence that is coming out next. Book One is a remedial course of linguistic apprenticeship. It's a theoretical book that is addressed to language learners, speakers who are willing to rationalize and remedy their native or the English language knowledge in the brain. There is an urgent need for language learners to know how language is being processed in the brain to be able to operate it in a much more scientifically informed way, neuroscience wise. It also presents a new paradigm of language learning based on the Method of the Right Language Behavior worked out by Dr Rimaletta Ray, a doctor of Psycholinguistics. Book Two is a practical course. It presents the Method of the Right Language Behavior in action, focusing on remedying a reader's Pronunciation, Grammar and Vocabulary habits. It contains very well structured chunks of basic brain focused information and it presents the practical shot cuts on how to build up the operative language awareness in English. Book Three is a remedial course based on the ways that are considerably improving readers' Speaking, Writing, Reading and Listening Skills. It contains the shot cuts of the remedial work on the speech skills and the know how to better choreograph them in face to face and digital communication. Be Language Fit to Succeed. *English Grammar and Learning Tasks for Tourism Studies* Ma Ángeles ESCOBAR ÁLVAREZ, 2010-10-28. Este libro desarrolla una gramática de la lengua inglesa a través de la puesta en marcha de una serie de tareas de aprendizaje en el campo de la industria turística en

las que se ponen en práctica las construcciones más prototípicas y frecuentes de la lengua inglesa en la comunicación oral y escrita. Los contenidos gramaticales se van desarrollando de forma paulatina a medida que aumenta la dificultad de su adquisición de construcciones más sencillas a construcciones más complejas. El libro puede utilizarse en las clases de gramática de lengua inglesa para fines específicos en niveles B1, B2, C1 y C2.

**Testing Your Grammar** Susan M. Reinhart, 1985. Testing Your Grammar is still the most comprehensive review of the grammatical structures of English and is excellent practice for students taking English language proficiency exams. Testing Your Grammar covers the major aspects of English grammar: count and noncount nouns, agreement, verb tenses, modals, comparisons, complex clause structures that ESL students need to master in order to improve their English. Each unit contains a pretest, a grammar explanation, exercises (mostly multiple choice and error recognition) and a final test, except in Unit 11. A review test is found at the end of every two units. At the end of the book there are four examinations that can be used for either pretesting or posttesting.

[Essential Grammar for Today's Writers, Students, and Teachers](#) Nancy M. Sullivan, 2014-11-21. This innovative grammar text is an ideal resource for writers, language students, and current and future classroom teachers who need an accessible refresher in a step-by-step guide to essential grammar. Rather than becoming mired in overly detailed linguistic definitions, Nancy Sullivan helps writers and students understand and apply grammatical concepts and develop the skills they need to enhance their own writing. Along with engaging discussions of both contemporary and traditional terminology, Sullivan's text provides clear explanations of the basics of English grammar and a highly practical, hands-on approach to mastering the use of language. Complementing the focus on constructing excellent sentences, every example and exercise set is contextually grounded in language themes. Teachers, students, and writers will appreciate the streamlined, easy-to-understand coverage of essential grammar as well as the affordable price. This is an ideal textbook for future teachers enrolled in an upper-level grammar course yet is also suitable for any writing course across disciplines where grammatical precision is important. Instructor materials accompanying the text provide teachers with activities designed for face-to-face, hybrid, and online instruction to enliven these basic grammar lessons as well as writing activities to integrate these concepts into students' own writing.
