Gli Etruschi in Italia. MS. Additions [by the Author]. Osvaldo CASTELLANI,1961 **Etruscology** Alessandro Naso,2017-09-25 This handbook has two purposes it is intended 1 as a handbook of Etruscology or Etruscan Studies offering a state of the art and comprehensive overview of the history of the discipline and its development and 2 it serves as an authoritative reference work representing the current state of knowledge on Etruscan civilization The organization of the volume reflects this dual purpose The first part of the volume is dedicated to methodology and leading themes in current research organized thematically whereas the second part offers a diachronic account of Etruscan history culture religion art archaeology and social and political relations and structures as well as a systematic treatment of the topography of the Etruscan civilization and sphere of influence

Caere Nancy Thomson de Grummond,Lisa Pieraccini,2016-11-22 The Etruscan city of Caere and eleven other Etruscan city states were among the first urban centers in ancient Italy Roman descriptions of Etruscan cities highlight their wealth beauty and formidable defenses Although Caere left little written historical record outside of funerary inscriptions its complex story can be deciphered by analyzing surviving material culture including architecture tomb paintings temples sanctuaries and materials such as terracotta bronze gold and amber found in Etruscan crafts Studying Caere provides valuable insight not only into Etruscan history and culture but more broadly into urbanism and the development of urban centers across ancient Italy Comprehensive in scope Caere is the first English language book dedicated to the study of its eponymous city Collecting the work of an international team of scholars it features chapters on a wide range of topics such as Caere s formation and history economy foreign relations trade networks art funerary traditions built environment religion daily life and rediscovery Extensively illustrated throughout Caere presents new perspectives on and analysis of not just Etruscan civilization but also the city s role in the wider pan Mediterranean basin

Modern Etruscans Chiara Zampieri,Martina Piperno,Bart Van den Bossche,2023-10-16 *L'etrurie est la mode* French archaeologist Salomon Reinach bluntly stated in 1927 Since the beginning of the nineteenth century Etruria had not only been attracting the attention of archaeologists and specialists of all sorts but it had also been a fascinating and in some cases captivating destination for poets novelists painters and sculptors from all over Europe This volume deals with the impact of the constantly expanding knowledge on the Etruscans and their mysterious civilisation on Italian French English and German literature arts and culture with particular regard to the modernist period 1890 1950 The volume brings a distinctive point of view to the subject by approaching it from an interdisciplinary and comparative perspective and by looking at a quite diverse range of topics and artefacts which includes but is not limited to the study of drawings art works travel essays novels cooking recipes schoolbooks photographs and movies By exploring a new paradigm to understand ancient cultures beyond the traditional ideas and models of reception of the classics and by challenging the alleged fracture between the so called two cultures of humanities and natural sciences *Modern Etruscans* will be of interest to scholars from

various disciplines Designed as a learning tool for university courses on the interplay between literature and science in the twentieth century it is suited as recommended reading for students in the humanities
