Wheelock Latin 7th Edition:

Wheelock's Latin, 7th Edition Frederic M. Wheelock, Richard A. LaFleur, 2011-08-16 Generations of students have learned Latin with this classic introductory textbook that remains the most highly regarded and bestselling single volume of its kind. Wheelock's Latin 7th Edition retains its signature core of authentic Latin readings curated from the works of Cicero, Vergil, and other major Roman authors of classical literature, drama, and poetry, as well as inscriptions, artifacts, and even authentic graffiti that demonstrate the ancient Romans' everyday use of Latin. Latin as a living language. With expanded English-Latin Latin-English vocabulary sections, tightly retooled comprehension and discussion questions, self-tutorial exercises, translation tips, etymological aids, maps, and dozens of photos and illustrations that capture aspects of classical culture and mythology, Wheelock's Latin 7th Edition is the essential resource for students beginning their journey into the heart of the classical world.

Wheelock's Latin 7th Edition Richard A. LaFleur, 2011-06-07 For nearly sixty years, Wheelock's Latin has remained the *optimus liber* of beginning Latin textbooks. When Professor Frederic M. Wheelock's Latin first appeared in 1956, the reviews extolled its thoroughness, organization, and conciseness; one reviewer predicted that the book might well become the standard text for introducing students to elementary Latin. Now, nearly six decades later, that prediction has certainly proved accurate. This new edition of Wheelock's Latin has all of the features many of them improved and expanded that have made it the bestselling single volume beginning Latin textbook: 40 chapters with grammatical explanations and readings drawn from the works of Rome's major prose and verse writers; self-tutorial exercises, each with an answer key for independent study; an extensive English-Latin Latin-English vocabulary section; a rich selection of original Latin readings, unlike other Latin textbooks which contain primarily made-up texts; etymological aids, maps, and dozens of images illustrating aspects of the classical culture and mythology presented in the chapter readings. Also included are expanded notes on the literary passages, comments on vocabulary and translation tips, new comprehension and discussion questions, and new authentic classical Latin readings, including Roman graffiti in every chapter.
